L-1885-108

26 Baranasi Ghoshal Street
Calcutta Aug 1, 85

Sir,

As my dear Bhupendranath Ghosha of the 3rd year class of your college, has taken Botany as one of his subjects for the B.a. Examination, will you kindly request the Professor of Botany in the Govt. medical College to allow him to attend his lectures free of cost?

I may mention that while we were at college, there were no chairs for Zoology, Physiology

& some other subjects in the
Preparatory College & the Chemical
Laboratory of the College were then
not properly fitted, but on Principles
Mr Sutcliffe made some arrangement
with the Professors of the
Medical College, by which we were
allowed to attend their lectures
on those subjects, without any extra
tuition fee. I may also add that
even now a few outsiders are
permitted by the professors of this
College to attend their lectures in
this manner & I believe there would
not be much difficulty in this
case if you would kindly address
the professor & Botany personally
on this subject-

Yours very truly

R Eleaticks

W Griffiths Esq

& some other subjects in the
Presidency College & the Chemical
Laboratory & the College were then
not properly fitted, but on Principle
Mr Sutcliffe made some arrangement
with the Professors of the
Medical College, by which we were
allowed to attend their lectures
on those subjects, without any extra
tuition fee. I may also add that
