Fort William, 7th February 1854

Sir,

In continuation of my Circular
No. 4 dated 23rd September 1853 and with reference
to the replies to it received from the various
Colleges and Schools I have the honor by
direction of the Council of Education to request
that you will be so good as to impress upon
the special attention of all the Masters
attached to the Hindu College, the importance
of cultivating in their pupils as far as possible
a habit of speaking the English language with
fluency and correctness, and of reading the
books of daily use in their class rooms with
proper pronunciation and due regard to the
principles of Elocution.

The Council desire that the
practice of Elocution may become an

regular branch of Study. —

No. IV. Read Letter from the Secretary
 Hindu College No. 885 dated 23rd January
 forwarding a Letter from Babu Hur-
 mohun Chatterjee, soliciting in the
 arrangements for the disposal of the
 office of the Committee of Management,
 some recognition of his services in
 connection with the institution
 and recommending that the Council
 will be pleased to make such pro-
 vision for the applicant on the
 dissolution of the management as
 will enable him to retain his position
 in the Education Department with
 credit to himself and benefit to the
 Department.

Ordered; that the Council are fully
 sensible of the long and efficient services
 of Babu Hurmohun Chatterjee, and
 direct him to continue to perform his
 duties under the immediate orders of

No. XIII

Read letter from the Principal Hindu College No. 673 dated 6th February reporting that he has taken charge from Babu Purnanoy Dutt of the Institution, and the duties of his office.

States that bills for Schooling fees to the amount of Rupees 371-0-11 have been made over to him, by the Babu with the exception of Rupees 244-4-1 not accounted for by the late Superintendent of the Patshala for which Rupees 8-0-3 have been recovered from his salary.

Ordered: That the unclaimed salaries lately in the hand of the Secretary Hindu College, be paid into the Treasury to the credit of the Education Funds, and referees should claimants hereafter succeed in establishing their right to any portion of them that the balance of the same not received from the late

late Superintendent of the Patshala be
written off to Profit and Loss, and that the
other monies belonging to the Hindu College
for printing charges ^{and} be placed to the
credit of the College in the Bank of Bengal
to meet the demands that will, at the
early period, be due against it.

 form than ^{hitherto} ~~from them~~ now directed by the Council
 of Education to request that you will
 from and after the receipt of this cir-
 cular, discontinue the transmission
 to this office of the detailed register of
 each class, and furnish in its stead
 an abstract register of the whole in-
 stitution showing in a tabular form
 upon a single sheet of paper, the
 following particulars -

- 1 Number of each class
- 2 Number of pupils on its register
- 3 Average age of the pupils
- 4 Number present
- 5 Number absent on leave

- 6 Number absent without leave
- 7 Number Sick.
- 8 Amount of schooling fees due from the whole class.
- 9 Amount collected and paid into the Local Treasury.
- 10 Amount outstanding.
- 11 A Column of remarks accounting for any circumstances that require explanation.

The form will be in Manuscript prepared, noted, and filled up in your office.

The detailed register formerly required will still be kept in the institution, for inspection by visitors and the inspecting officers. - It will no longer be furnished in a printed form from this office, but must be prepared and ruled in your office.

Suggesting
new Classes

27/4th I would not only advise the institution of a Law Class in the English Department for which Macpherson and the Indian Law should form the basis, with other books of higher authority, Judge Storey's Works might be useful but I would advise that other practical Science be taught, Chemistry, Mechanics, the use of Steam &c. &c. also that there should be prizes for such studies. Another point seems to have been too much lost sight of, the introduction of gymnastic games, Cricket, football would improve their intellectual as well as Physical qualities the funds would easily afford the expense of constructing a Cricket Court. —

Sir,

I am directed by the Council of Education to forward for your information and guidance the accompanying correspondence with the Government relative to the entertainment of extra masters, and additions generally to the School. —

The Council request that in making requisitions of the nature above mentioned the Local Committee will attend strictly to the instructions of the Government and submit with every application an Account Current of the resources available for the School, — as well as the exact grounds for submitting the application. Should the Government assign with the schooling fees

be insufficient to admit of any additional expenditure, the establishment of the School and its charges must be kept down to the standard of income available, and no application for increase can in such cases be entertained -

It is intended that all Schools should ultimately if possible, become self supporting, and that those should derive the greatest benefits, which make the greatest exertions to secure them -

Education.

I AM directed by the Most Noble the Governor of Bengal to acknowledge the receipt of your letter, No. 327, of the 9th ultimo, requesting, with reference to the circumstances therein set forth, that the Council be vested with power to expend all schooling fees upon the Schools in which they are collected, in procuring additional masters, or meeting other requisitions for extension, for which good and reasonable grounds can be shown by the Local Committee.

2. His Lordship has been pleased to comply with the request of the Council on the understanding and condition, that the total amount expended annually on any one school, shall not exceed the amount now assigned from the Education or other Funds for its support, in addition to the actual amount realized by schooling fees within the year, and provided that the salary of no master be raised above the scale already sanctioned by Government.

I have, &c.,

*Extract from a letter from the Secretary, Council of Education,
to the Secretary, Government of Bengal, No. 327, dated 9th
February 1854.*

" IN consequence of the great increase of pupils desiring to receive an education in the Zillah Schools established in different parts of the country, frequent applications have recently been addressed to the Council for the appointment of additional Junior Masters.

While on the one hand it is deemed desirable to encourage this spirit as much as possible, on the other, it is considered expedient to make each School bear the cost of the additional aid required, without taxing the Education funds to a greater extent than the sum allotted for maintenance of the Institution.

The principle of entertaining extra masters to be paid from the fees accruing from the additional classes, has already received the sanction of the Government, and has been acted upon in several cases submitted during the last three years.

With a view, however, to prevent the necessity of frequent reference to higher authority in such cases, the Council direct me respectfully to solicit that they be vested with the power to expend all schooling fees upon the schools in which they are collected, in procuring additional Masters, or meeting other requisitions for extension, for which good and reasonable ground can be shown by the Local Committees making such references.

Great care will be taken by the Council that the sum expended upon each school, never, in any circumstances, exceeds the aggregate of the assignment from the Education funds, plus the fees collected, a monthly statement of the latter being furnished to the Council as at present."

Sir,

In reply to your letter No 822 transmitting certain Oordoo Exercises performed by Students of the Calcutta Madrasa (Candidates for Junior Scholarships) for examination and report, I have the honor to return the papers alluded to, with the number marked on the back of each by which I think his qualification are, with reference to the standard number, justly represented. There are two exercises, one from Oordoo in English, and one from English into Oordoo, I have marked each exercise separately yet I am not certain from a perusal of your letter that such is the intention of the Council. Should it be intended that both papers should be estimated as one, it will be necessary to halve each number and add their results.

In forwarding these papers I am constrained to remark upon the gross ignorance displayed

displayed by some of these Candidates of
their own mother tongue.

Extract from the Proceedings of the
Council of Education Dated 10th May 1854.

No. XII

Mr. Sutcliffe, the Principal of the Hindu College having been invited to assist the meeting in the consideration of the necessary alterations in the Hindu College consequent on the partial sanction given by Government to the Scheme of the Presidency College, it was resolved. —

- (1) That the Presidency College should be opened on the 15th June 1854. —
- (2) That Students be admitted without reference to caste or race. —
- (3) That the Monthly Schooling fee for the Presidency College be Five Rupees. —
- (4) That an entrance fee of ten Rupees be required on admission to the College but that a special exemption be made in favour of the present Students in the Hindu College Department and of those who would have been promoted to it from Lower Schools had the Session opened as usual on the 1st June. —

Lu

In future, Scholars as well as others
will have to pay the entrance fee. —

5 That the law class be organized
according to the Scheme for the establish-
ment of the Presidency College so far as it
may at present be practicable. —

6 The Principal was further re-
quested to report to the Council how the
foregoing arrangements may be best effected &
with the present Educational Staff of the
College, and also what number of marks
it will be expedient to assign to the law &
science papers. —

N^o 1404,

From
The Secretary to the Commissioners
for the Improvement of the
Town of Calcutta

To,

H. Woodrow Esq^r

Secretary to the Council of Education

Dated 17th May 1884,

Sir,

With reference to D^r F. J. Monal's letter of the 13th April 1884 I am
desired by the Commissioners to state
that whilst they greatly regret the land
slip which has forced them at great
expense to enlarge the public tank in
Hindu College Square, and thereby to
curtail the extent of the ground on
which the College boys used to play, they
are unable to comply with the Council's
request to exclude the public, by railing
on the Northern edge of each Ghat,
from the land North of those Ghats,
as that measure would deprive the
public of half the tank also.

When the ground till
late

lately occupied by the boys was first
 given up in 1842, a special stipulation
 was made for a public walk 10 or 12
 feet wide on the north of the Tomb;
 If such a walk be again made after
 the alterations now in progress, the
 remaining portion of the ground,
 especially near the Ghats East and West,
 will be so narrow as to prove useless
 to the boys. -

But the Commissioners anxious
 to do what they can for the convenience
 of the Hindu College Scholars, as
 well as of the public generally, are
 willing either to put up the northern
 railing on the Boundary of the public
 property close to the South face of
 the College with a private gate for
 the ~~and~~ use of the College or altogether
 to dispense with the railing on the
 north by which means the whole
 Square will be thrown open to the
 College. -

Extract from the Proceedings of
the Council of Education dated 14th
June 1854. -

N^o. II,

Read Letter from Mr. Rogers
forwarded by Mr. Sutcliffe expressing his
willingness to take charge of the Head
Mastership of the Colingah School but
solicits that in consideration of his services
and of the injury to his prospects of
promotion by his transfer from the
Florida College Branch School, the Coun-
cil may be pleased to grant him a
small personal allowance -

Ordered; that Mr. Rogers's prospects of
promotion will not suffer in any degree
by his transfer to the Colingah School,
that his successful labours hitherto are
known and appreciated by the Council,
and that similar results in a new and
difficult undertaking will strengthen
his claims to their favorable considera-
tion; that no sufficient reasons have
been advanced to induce the Council of

Education

Education to recommend Mr. Rogers for

Sir,

I am directed by the Council of Education to inform you that Students in the First and Second Classes of the Presidency College will be allowed to substitute Law for the higher half of their Mathematical Studies. The subjects in which the change will be made are differential Calculus, Newton, Hydrostatics and the higher parts of Optics and Astronomy.

In the final examination half the marks now given to Mathematics may be awarded in Law.

In the Third and Fourth Classes no such option will be granted but the whole course must be passed by every Student.

This will not prevent him from attending

attending the law lectures, as some have
already done, in addition to his other
College Studies.

Sir,

I am directed by the Council of Education to inform you that they approve of the temporary arrangements which you have suggested for providing additional masters for the 1st Class of the Presidency College and for the Senior Hindoo School.

Mr. Grisenthwaite's services will accordingly be available in History and English Literature for both departments in such a manner and proportion as may seem to you to be expedient. Mr. Vaughan will take the Senior Hindoo School in the same subjects, where not relieved by Mr. Grisenthwaite.

In Mathematics Mr. Wilson Steel will act as temporary Assistant in the 1st Class of the Presidency College and Baboo Mohendroolal Thome in the Senior School.

The two last named gentlemen must be given to understand that their engagement is temporary and may be terminated

without

without previous notice whenever circumstances may seem to the Council to require it. Under such circumstances Mr. Wilson Phil will not be required to attend during the whole day, nor Babu Mohendrolall Thome to relinquish his Scholarship for the current year. The salaries of the temporary assistants will be Rs 100 a month, and application has this day been made to the Bengal Government to grant them from the present date out of the Schooling fees of the Institution. As this recommendation can be sanctioned without reference to the Government of India a comparatively speedy answer is expected. If these gentlemen are willing to accept office in anticipation of the required sanction and to run the risk of its refusal and their consequent loss of pay they may be entertained immediately.

Sir

I beg leave most respectfully to bring to your notice that the premises occupied by the Pautshalla have become almost uninhabitable by reason of the roofs of several rooms having become leaky, and torrents of rain consequently coming down to the great inconvenience and discomfort of the Clashes.

I had several times applied to Mr. Brindley for the necessary repairs, but as he seems to pay no attention to the matter, may I request your permission to effect the repairs myself.

and deduct the cost of the same from
the rent payable to him.

Extract from the Proceedings of the
Council of Education dated 24th June 1854,

Recd. 24 July 54

No. VII.

Read Letter from the Principal
Presidency College No. 728 dated 21st June
requesting to be informed whether the accounts
of the Presidency College are to be kept
separately or merged for the present into those
of the Hindu College, as in the case of
the former, it will, he imagines, be
necessary to make a communication to
the effect to the Offices of Pay, Audit and
Accounts.

Ordered; that the accounts now kept
under the head of the Hindu College
as distinguished from the Hindu School
and the Branch School be kept under
the head of Presidency College and that
a notice to this effect be sent to the Office
of Pay and Audit.

No. VIII.

Read Letter from the same
No. 724 dated 21st June representing that
the number of pupils in the 4th Class
has so increased and is so increasing that
it will be necessary to find an additional

Teacher to take charge of a portion of it; and to accommodate it in another room, one of the classes has been held in the Library, an objectionable measure: that the additional accommodation required is two class rooms, a room for the Instruments lately added to the College, & a room for the Law Pupils, whose attendance on the mathematical lectures will be voluntary.

That the house opposite to the College has, on the upper floor, accommodation sufficient for all these wants, and proposes it be rented, after undergoing repairs to be approved by the Civil Architect.

Ordered; that the Secretary enquire from Mr. Harrison whether the services of Mr. Smith are available for the Presidency College and whether his mathematical attainments are sufficiently high to enable him to take the 1st College class in all their studies. and that the Principal of the Presidency College be informed that the house above mentioned has already been reported to Government as necessary for the increased number of the English and Sanskrit institutions.

Read Letter from the same dated N^o XIII

17th June forwarding a Letter from the Head Master of the Branch School and one from Gobind Chunder Banerjee and states with reference to the former that Taraney Churn Dutt and Bhobhun Mohun Sircar who stand 3rd and 4th in the Scholarship List ought not to get any Scholarships they having obtained Scholarships at Banaset in 1850/51 and lost them the next year in the Hooghly College. that had this circumstance been known to him at the time of the examinations he would have prevented their passing in the Junior Subjects -

With respect to Gobind Chunder requests to know if he is to retain his Banaset Scholarship or get one of the Hindu College if the latter he should take his chance as the 13th on the List -

Ordered; that Taraney Churn Dutt and Bhobhun Mohun Sircar are clean by ineligible having gained Scholarships in 1850/51.

That Gobind Chunder can be allowed no preference in the award of the Hindu College Scholarship but that his application to be allowed to retain his

his Bonasett Scholarship be brought
up next meeting for further consideration -

forwarding a letter from the Head Master of
the Branch School requesting to be informed
what is to be the greatest number of pupils in
each of the Senior Classes — recommends that
no more admissions take place. —

States that he has been obliged
to refuse many applications for admission into
the 1st Class S. D. Hindu School as that
Class numbers 40 Students already which
number he thinks sufficient for each class. —
Candidates for the 2nd Class can only be
received, as the number of pupils in it at
present is 25. —

Recommends that no additional
Class be formed this Session. —

Ordered That the rule of the Council
is to grant on an average one Master to thirty
five boys — the higher classes generally con-
taining less and the lower more than this

number

number: that on the grounds advanced
by Mr. Sutcliffe the Council prohibits the
extension of the 1st and 3^d Class of Hindu

 him. —

States that Dwarkanath Mitter
 a Scholar of the same College has been removed
 to the Presidency College and requests that
 some rules be forwarded by the Council, stating
 explicitly how many Scholars of each of the
 Mafussil Colleges may be transferred annu-
 ally to the Presidency College, how many
 years the Scholarships will be tenable there?
 what Class the Student must attain before
 removal and under what conditions these
 Scholarships may be retained. —

States that he is of opinion that
 it would be a better plan to make these
 Scholarships tenable at the Presidency College
 for one year only, at the end of which they
 should

should revert to the College and allow the out-Scholars to compete for Scholarships belonging to the Presidency College.

Ordered: That the present rules provide for the cases advanced by the Principal of Houghly College. No transferred Scholarship can be held (except in the Medical College) for a longer period than one year; at the close of the Session in which it was won it reverts to the School or Colleges to which it belongs, and must be there competed for; the transferred Scholar must win a Scholarship in his new College or lose it altogether.

No limit has been assigned to the number of transferred Scholars they vary every year.

Scholars of any Class may be transferred from one College to another on assigning sufficient reasons, such as the removal of friends &c. to be approved by the Council of Education. Recd 11 Sept 54
Sir,

I have the honor by direction of the Council of Education to return herewith the accompanying bills for the Scholarship allowance of Muttyloll Mookjee a student of the Dacca College as there is no Scholarship of that Institution available for him.

Of the twelve Junior Scholarships belonging to that College 2 have been retained in the 4th College Class and 10 gained by Students of the School Department who stand above him in the List. He will of course be entitled to a Scholarship Certificate.

The permission to leave Dacca carrying his Scholarship with him was only granted on the supposition that he had a Scholarship to carry, which is not the fact.

From

The Secretary, Council of Education
ToJ. Sutcliffe Esq^{re} B. A.

Principal, Presidency College

Fort William, the 31st October 1834.

I have the honor by direction of the
 Council of Education to inform you that
 leave of absence has been granted to
 Mr. Grisenthwaite on Medical certificate.
 The Council beg to be informed if the full
 period of three months, mentioned in the
 Medical certificate will be required. Mr.
 Grisenthwaite will be on half pay from
 the date of his availing himself of this
 leave.

I have the honor to be

Sir

Your Most Obedt^t Servant

H. Lovelace

Secy to Council of Ed.

222 Mr. Grisenthwaite has consulted me latterly
 on account of his health. He states that he
 suffers from numbness and weakness of the
 lower limbs, the left side being that chiefly
 affected. He states also that the fingers are
 more or less affected in the same manner
 and that the symptoms have not diminished
 since their commencement, now more than a
 month ago. He appears to me to be in a somewhat
 weak and nervous state generally, and I
 highly recommend that he be allowed three
 months leave of absence from duty for
 medical treatment, and change of air if
 required.

Sir,

The Council of Education are anxious
to encourage the migration of students
from the Anglo-Vernacular Department of
the University to the Presidency College.

And under their direct orders I write
to recommend that Allahdad Khan
may be admitted into the fourth class
of the College Department, if he is at all
competent to follow the course of study
there pursued. Yours obediently
H. Woodhouse.

CIRCULAR No. 19.

FROM

THE SECRETARY COUNCIL OF EDUCATION.

TO

Recd 24 Nov 54
The Principal Presidency College

Fort William, 23. November, 1854.

SIR,

IN accordance with the instructions contained in the accompanying letter from the Government of Bengal, I have the honor, by direction of the Council of Education, to desire that you will procure through the Book Agency such copies of the Bible in English and the Vernacular languages of your district as may not already be found in your Library. One copy in each language will be sufficient.

I have the honor to be,

Sir,

Your most obedient Servant,

FROM

THE OFFICIATING UNDER-SECRETARY TO
THE GOVERNMENT OF BENGAL,

To

THE SECRETARY TO THE COUNCIL OF EDU-
CATION.

Dated Fort William, the 14th September, 1854.

Genl. Edn. SIR,

I AM directed to acknowledge the receipt of your letter, No. 1675, dated the 6th Instant, with enclosure, submitting, for the consideration and orders of Government, a copy of a letter from the Reverend J. C. Herdman, Secretary to the Calcutta Auxiliary Bible Society, requesting to be permitted to place copies of English and Vernacular Versions of the Bible in all the Government Colleges and Zillah Schools throughout Bengal, together with Minutes by the Members of the Council on the proposal in question.

2. In reply, I am directed to state that, in consequence of what the Lieutenant Governor had long understood to be the rule of the Department, corroborated by a recent Despatch to the Government of India, which has been printed by order of

HINDU COLLEGE

I hereby certify upon my honour, that *Dr. Legendre*
Sanjay Bandyopadhyay is labouring under
an attack of *Stich* and that I consider
ten days leave of absence absolutely necessary
for the recovery of his health.

Parliament, as well as in consequence of the variety of practice which during his recent tour he found to exist, some libraries having the Bible and others being without it, His Honor was about to draw the attention of the Council to the subject, and to request them to cause the deficiency to be supplied when necessary.

3. The Lieutenant Governor accordingly takes the opportunity, afforded by the present reference, of requesting that, if the Council see no objection, the Heads of all the Government Colleges and Schools, whose Libraries may not already contain copies of the Bible, may be instructed to procure copies, both in the English and Vernacular languages.

4. Should this suggestion be adopted, it will be unnecessary to trouble the Calcutta Auxiliary Bible Society in the matter. The Reverend Mr. Herdman, (Secretary to the Society) will doubtless receive the courteous acknowledgments of the Council, even though the adoption of the measures above referred to may render his assistance needless.

I have &c.,

N. IV Read letter from the Principal Sanskrit College
dated 13th December forwarding report on the
Patschalla attached to the Presidency College.

States that the mode of teaching is ob-
jectionable since more stress is laid on syno-
nimes than on conveying the import of words.
the list of books require revision and that
Arithmetical Tables and Geography should be
omitted so that a greater proficiency in the
Vernacular may be gained.

Ordered: that the Calcutta Patschalla ought to be
a model for Vernacular Zillah Schools, and
in consequence the best system of instruction
and course of studies should be adopted. The
Council of Education cannot assent to the
omission of Arithmetic and Geography in
any of its Schools. The attention of the
Principal of the Presidency College will be
drawn to the objections made against the
present system of teaching.

The 27th January 1855

Secy Council of Ed.

To

The Secretary Council of Education

Sir,

With reference to your letter N^o 1653 dated the 1st of September last, I have the honor to state, for the information of the Council of Education, that on the 13th and 14th Ultimo I visited the Patschala attached to the Presidency College.

On the days that I inspected the Institution, it contained 219 pupils, divided into classes every one of which was examined by me. The masters appeared to me all to be very diligent and attentive to their duties. The mode of teaching followed in the Institution seems open to objection. More stress appears to be laid on synonymes than on conveying the import of the words. The effect is, that while the pupil can give four, five or six synonymes of words, he is, in most instances, unable to give the accurate meaning of words and sentences. So that however the first class was found to be an exception. The list of books in use requires a revision. For instance, the *Hikopadesha*, one of the class books, being written in a clumsy and antiquated style, should, in my humble opinion, be omitted.

I would also limit the study of

Arithmetic.

Arithmetical Tables and Geography, as these are better studied in English Schools into which almost all the pupils get themselves afterwards admitted. It cannot be expected that the study of these subjects, in the Patshala, would render any assistance to the pupils when they commence to study these in English; as by that time, I believe, they generally forget every thing they learn of these subjects. The omission of these on the other hand, would afford them time to attain a greater degree of proficiency in the language than they have opportunities at present to acquire. The object of the Patshala is, I presume, to impart to young pupils a knowledge of Bengali as much as it is practicable to do so, before they enter English Schools. It would of course have been advisable to retain the study of these subjects in the Patshala had its object been similar to that of Mofussil Vernacular Schools, to which parents send their children to finish their School Education.

With regard to discipline, the Institution appeared to me to be well conducted.

Yours truly

guilty of the gross insincerity of acting in my absence in a manner diametrically opposed to their almost fulsome and daily praise when present, a vague charge is made to which I find it difficult to reply further than to give it a very firm denial. I have never addressed the boys in terms which the Collegiate or Scholastic Master in Europe would scruple to use; and from whom I have acquired my mode of teaching. - Such a Vague Charge necessarily forbids any full reply. -

The Principal is perfectly correct; however incredible he may deem it; in asserting that I have imitated the roaring of a lion &c and if the admission will add any force to his accusations, I do not hesitate candidly to avow that whenever the nature of the subject seemed peremptorily to demand it for the advantage of the students, I have not scrupled to convey to them a knowledge of the sounds emitted by several animals, - and I think myself peculiarly fortunate in possessing a power which however valuable as an organ of communicating information & not communicable by any other means, was never, to the best of my recollection used to

To

H. Woodrow Esquire M.A.

Secretary to the Council of Education

Sir,

In reply to your intimation that the Council of Education could not allow of my return to my duties in the Hindu School and Presidency College until a satisfactory explanation should be given of the charges brought against me by the Principal and a portion of the Scholars attached to these Institutions at the earliest moment that my health will permit I hasten to afford that explanation.

And first let me very respectfully notice my Principal's letter.

Proceeding as I do upon the feeling of perfect innocence as to the discharge of my duty, whenever physically capable of doing so, I trust the Council will not deem me disrespectful to the Head of my College, if in the first place, I give a modest but very distinct denial to the charges contained in his letter the 25th January of the current year. On the authority of some discontented pupils, for I can scarcely believe that the Majority have been guilty.

the disturbance of the College. The slightest hint on this head at the time from the Principal or Head Master would instantly have mellowed my notes, and reduced them to a scale sanctioned by those Gentlemen, but no such warning or intimation was ever given.

If I have forfeited the confidence and respect of my pupils, the forfeiture must have been of very recent occurrence and of a very sudden character so recent and so sudden that to me it is perfectly unaccountable on any just and honest grounds. I never remember to have used harsh language on more than two occasions, and they were, when an attempt was made to ridicule the authority, ability and justice of two officers in the Institution my superiors in position. On these occasions I exercised my authority kindly but very firmly in instantly suppressing the slightest expression of dissatisfied feeling and I believe in doing so gave great dissatisfaction.

In the next place to notice the complaints of some students in the Hindu School, I respectfully beg to give their charge a positive denial. I have never used a jest unless in amplification of some folly committed by

by a pupil, such as placing London and
Rome in the same latitude &c. My jests (as
they are pleased to call them - though a very
inappropriate term) were ever uttered to ad-
vantage my Scholars not to amuse myself
for Heaven knows (I write reverently) they
very often proceeded from a very heavy &
heart.

I have &c

It appears that the allotment of
marks of which the 1st class students complain
is the same as was prescribed by the Council of
Education in 1861, and that it has been in
force ever since that year. Under these cir-
cumstances, and as the subjects for the approach-
ing examination have probably been studied
in the expectation that the allotment of marks
will be the same as heretofore, I am of opinion
that it would not be advisable at present to make
the alteration suggested. Your remarks on this
subject will however be borne in mind.

Dated Lieutenant Governor's Camp,

Gya, Gillah Behar
The 7th February 1856,

General Education Sir,

With reference to the letter from the
late Council of Education N^o 118 dated the 26th
Ultimo on the subject of the measures to be adopted
for the opening of the Presidency College on a
permanent footing at the commencement of
the next session in June, I am directed to
forward to you copy of a letter this day addressed
to the Supreme Government on the subject, and
to communicate to you the following observations
and orders.

2 The appointments in the General
Department of the Presidency College proposed
in the 7th para of the Council's letter are on
the whole approved, but some modifications
will probably be advisable.

3 In the first place, the Lieutenant
Governor

Governor is not convinced of the necessity of appointing an Assistant Professor of History and Political Economy. - for it appears to him that the Gentlemen for whose services in this Department of ^{the Govt.} India have been requested to address the Honble Comt. would find ample time to prepare and deliver, if necessary, two series of lectures on each of these Branches simultaneously. These subjects are not, it seems to His Honor, of that primary importance which in the case of literature and mathematics render it necessary that there should be daily instruction in each class for both senior and junior Departments. At all events, if any aid at all be required in the department of either History or Political Economy, a junior class in the one or the other might be conducted by the Assistant Professor of Literature on 3 or 4 days of the week - allowing to the latter a somewhat larger salary than that which he would receive as an Assistant Professor.

4 The Professorship of Geology, you will see from the accompanying letter to the Government of India it is proposed to attach to the College of Civil Engineering, his services being held available for such instruction in the General Department of the Presidency College

College as may hereafter be found necessary; and the Lieutenant Governor is of opinion that the Professorships of Chemistry and Botany should be considered as still attached to the Branch of the College to which they more especially belong, those lectures being, as in the case of Geology, available for such students in the General Branch as may wish to attend them. —

5 The subject of Drawing and Surveying, you will also observe from the same letter, is considered as belonging more especially to the Engineering College; the instruction of the Teacher appointed, being also available for the General Branch. —

6 The Lieutenant Governor has this day appointed Mr. Sutcliffe to be Principal of the Presidency College and Professor of Mathematics, at an aggregate salary, including house rent, of Rupees 1300 a month. —

7 Temporary arrangements should be made, as suggested by the Council, for the communication of instruction in History, Natural Philosophy and Surveying by the existing professional staff, until separate chairs are created in those Branches. —

8 The Lieutenant Governor is of opinion that the remark made in the 10th paragraph with

with reference to the Drawing Master, is open to some objection, for the description of Drawing in which instruction will be required in connection with Surveying, and which such a person would alone be able to afford, is Plan and Map drawing not landscape Drawing ~~which~~ which belongs more properly to the Department of the Fine Arts.

9 The Lieutenant Governor desires me to take this opportunity of conveying to you his strong conviction that the course of study proposed by the late Council in the 40th para. of their letter of the 10th March last embraces too wide a range of study, and renders attendance compulsory upon subjects which are already sufficiently provided for in the special Departments of Medicine and Engineering. His Honor admits the desirability of giving a more practical character than heretofore even to the course of study in the General Department, and for making provision therein for a certain amount of instruction in the Physical Sciences; but he would allow each student to choose for himself, according to his natural bent or future calling, which subject. (of those noted in the margin) he would attend under that head, and to make it compulsory to attend but one

- 1 Chemistry
- 2 Vegetable Botany Physiology including
- 3 Animals D.C.
- 4 Comp. Anatomy including Zoology
- 5 Geology and Mineralogy

of

of those subjects in each of the two last years.

10 The course as thus modified, would stand thus -

First year	Second year	Third year	Fourth year
English Language and Literature Vernaculars	English Language and Literature Vernaculars	English Language and Literature Moral Philosophy and Logic	English Language and Literature Mental Philosophical and Political Economy
Mathematics	Mathematics	Logic	Philosophical and Political Economy
General History	Genl History + Natural Philosophy	Natural Philosophy One Course in Physics	Natural Philosophy and Astronomy One Course in Physics

* inserted
by Mr. G. J. J. J.

11 Regarding the organization of the Legal Branch of the College the Lieutenant Governor desires to have the advantage of your opinion. He himself attaches more importance in this branch to the teaching of principles than to the teaching of technical systems, and especially the teaching of a technical system so very loose and unphilosophical as that of the Regulation Law and Practice. He would therefore discourage the appointment of a Pleader like Sambhoonath Pundit for any such purpose.

12 It will be observed that the Council
call especial attention to Mr. Theobald's remark
that he "cannot undertake any increase of
duty without a considerable advance as salary."
The Lieutenant Governor does not consider
that the nature of the case would justify any
such advance and it would seem therefore
that the arrangements to be made should
have in view the probable employment of some
other Lecturer.

General
Education

Sir,

I am directed to acknowledge the receipt of Mr. Allen's letter of the 24th November last, forwarding a copy of a Despatch from the Hon^{ble} the Court of Directors N^o 62 of 1856 dated the 13th September last, conveying their approval of the plan for the Establishment of a Presidency College at Calcutta, and stating that measures will be taken for obtaining the services of a competent Professor of Natural Philosophy and Geology for the same.

2 The Lieutenant Governor desires me in reply to forward for the information of the Most Noble the Governor General in Council, the accompanying copy of a letter from the late Council of Education dated the 26th Ultimo N^o 118, reporting in detail upon the measures which they consider necessary for the opening of the Presidency College in its

its general, Legal, and Medical Branches at the commencement of the next Session in June.

3 With regard to the point noticed in the 3rd paragraph of the Councils' letter, I am desired to state that the Lieutenant Governor concurs in the opinion that the word - Philosophy has been inadvertently substituted for the word History, and that it is the intention of the Court to select a Professor of (Natural History) and Geology.

4 On this subject, I am desired further to convey the Lieutenant Governor's strong conviction of the great importance which attaches to this appointment in its connexion with the Establishment of an Engineering College, and to state that the appointment is but of secondary importance as respects the General Department of the Presidency College. If it were yet time His Honor would urge upon the Most Noble the Governor General in Council, the necessity of the Gentleman appointed to this Professorship being a person acquainted with Mineralogy and Mining and with what is ordinarily termed Practical and Economic Geology. His appointment, I am desired to remark should be added to the Establishment for the Civil Engineering College
Specified

specified in His Honor's Minute which was forwarded with this Office letter of the 4th December last, A. 84.

5 The Lieutenant Governor regrets that any mention should originally have been made of "Natural History" in connection with this appointment, both because such mention was liable to distract attention from the description of instruction which is more especially needed, and because the term "Natural History" in fact comprises only one subject (vizt that of Comparative Anatomy) including Zoology which is not already provided for in the Medical Branch of the College.

6 With regard to the subject of Comparative Anatomy and Zoology the Lieutenant Governor desires to call especial attention to the 13th paragraph of the Councils letter in which they recommend the appointment of Dr Walker, the present Professor of Anatomy and Physiology to the chair of Comparative Anatomy and Zoology as being a subject absolutely essential to a complete Medical Course of Education, and which has long been provided for in every Medical School in Europe. Dr Walker is, His Honor, believes peculiarly qualified to undertake this course, and

and he approves of the terms upon which it is proposed that Dr Walker should be appointed.

7 It will be seen that as regards some of the chairs proposed to be established, for which no special provision has yet been made, the Council are prepared to make temporary arrangements, but they urge the adoption of immediate steps for obtaining from England the services of a Professor of History and Political Economy and of a Professor of Natural Philosophy and Astronomy. The Lieutenant Governor desires that the Honble Court may be solicited to select two Gentlemen for the above chairs with the least possible delay, and in the case of the last named subject, His Honor desires me to direct attention to the 10th paragraph of the Council's letter.

8 The appointment of a Teacher of (Plan.) Drawing and Surveying has already been recommended for the sanction of the Supreme Government in connection with the College of Civil Engineering.

9 In the case of these two Branches

f

of instruction, Geology and Surveying (including Plan drawing) as well as in the case of Comparative Anatomy and Zoology, the lecturers services will be held available for such instruction in the General Department of the Presidency College as may be found necessary.

10 With regard to the Legal Branch of the Presidency College, the nature of the course to be adopted and the strength of the Professorial Staff, His Honor will communicate his sentiments hereafter, when further information on this question shall have been obtained.

Sir,

In reply to your Docket No. 115 of 25th Ultimo, I beg to inform you that I have had the wall of the building / proposed to be taken for part of the Presidency College / which was considered to be unsafe plumbed, It is found to be 3 inches out of the perpendicular, in the lower story measuring 16 feet in height, and one inch out in the upper story; More minute examination of the wall, that is of the actual condition of the bricks composing it, now that it has been plastered and whitewashed, is impossible without removing the plaster altogether.

2^d Mr. Row saw the wall in its original condition prior to the commencement of the repairs, and is decidedly of opinion that it is the North Wall / is unsafe, owing to its hanging over and especially because of the crushed condition of the

bricks; Mr. Norris my predecessor as Civil
Architect also saw it, and concurred in that
opinion, and I feel satisfied from the wall
having lost its perpendicular to the extent specified,
that the opinion formed by these two gentle-
men is correct. If more than this be
required, which however appears to me to
be sufficiently condemnatory it will be
necessary that the owner remove the plaster
of the wall for the purpose of further exa-
mination. -

In the application I made to you January last for your permission to pass the Teachership-Examination, I mentioned to you, that my chief obstacle to study arises from my short-sightedness. I had been hitherto contending against it, and had hopes, notwithstanding my inability to study by night, to be able to continue in the college some time more. But a secret disease is now preying upon me. This obliged me to take leave for a fortnight; but as I have not improved by that time, I am, most reluctantly compelled to quit the college at once.

I cannot conclude without acknowledging my deep sense of gratitude to you for the interest which my unfortunate condition more than my abilities had evidently excited in you, and which made you so uniformly kind to me during my continuance in the college. They also to be permitted to wait upon you occasionally, and do most earnestly pray that you will keep your feelings of kindness alive towards me, for I am indeed stand so much in need of a helping hand through life

J. B. Grisenthwaite Esq^r

Fort William, 23^d March 1835

Sir,

With reference to the correspondence noted in the Margin I have the honor to forward herewith copy of a letter under date the 17th Inst^t from the Secretary to the Government of Bengal from which you will perceive that the Lieutenant Governor thinks it quite evident that it is not desirable to retain your services in the Education Department. His Honor has however left it to me to adopt a less severe course than that of dispensing entirely with your services, should I see any grounds for doing so.

From the papers before me it is clear ^{that to} reinstate you in your former appointment in the Hindu School, would be very inexpedient and likely to be injurious to that Institution. That appointment will therefore be filled up from the date of

Letter from Co. of Educa-

of the expiring of your present leave of
absence. I am however willing to give you
an opportunity of regaining the position you
once held in the Department, and with
this view I shall be prepared should you
desire it to consider you a Candidate for
re-employment in the Department on your
recovering your health sufficiently to enable
you again to discharge with efficiency the
duties of a teacher.

Sir,

In reply to your letter dated 24th March, I have the honor to inform you that the duties performed by Sub-Asst. Surgeon ^{Mr} Koonjibehance Chatterjee, with the assistance of a Native Doctor or Compounder, and, generally, those specified in the printed rules to which you refer. Should you desire any further or more detailed information as to those duties I would recommend your applying to the Sub-Asistant Surgeon or to the ^{Mr} Head of any of the Institutions he attends. There would probably be no objection to altering the Rules in any respects in which they might be found inapplicable to the case of a European practitioner.

Sir,

In reply to your letter N^o 282, of the 29th ultimo, I have the honor to inform you, that in consequence of your suggestion I have placed myself in communication with Sub Assistant Surgeon Coonjeebehary Chatterjee, and the heads of the Hindoo College and of the Madrasa.

2 From what I have heard from them I collect generally, - first that there is only 1 compounder attached to the Hindoo College, but no Native Doctor - 2nd that the duty of attending scholars and Masters at their Houses would appear to be performed little more than nominally. - 3rd that they are all of opinion that such duty could only be performed by a native Doctor, and not by a European practitioner.

3 The duty however of visiting scholars and more especially masters they seem to think cannot be entirely dispensed with, owing to the necessity

necessity of their furnishing certificates of
sickness in case of absence from their duties; &
regular attendance on them or their families
seems never to have been in reality contemplated.

4 The duties now required of the Sub
Assistant Surgeon might be satisfactorily per-
formed by a European practitioner, if assisted
by well qualified native Doctors appointed to
the Hindoo College and Madrisa respectively,
the European practitioner being of course res-
ponsible for the satisfactory discharge of the
duties. The salary of each Native Doctor would
be Rs. 20..

This is the substance of what I have
been able to collect from my enquiries..

I should feel obliged if you would also state precisely what duties ought in your opinion to devolve upon the Medical man attached to these Institutions on the supposition first that he is a Native and 2^d that he is a European, and lastly what would be a fair amount of remuneration for the performance of these duties.

To
The Council of Education
Gentlemen,

Understanding that there is a vacancy in the Literary Department of the Hindu College, I have the honor to offer myself as a Candidate for that appointment.

I was educated at the High School of Edinburgh, where I obtained honor both in Greek and Latin. In my last year at that Seminary I carried off the Gold Medal annually awarded by the City to the "Dux" of the Rector's Latin Class.

At the University of Edinburgh which I attended during three years, I was second in competition for the Medal bestowed by the Faculty of Advocates upon the most successful Student in the Latin Class; I gained the Prize of Latin Prose Composition and Prize for Latin Verse, and for Private Studies in the Latin Classics.

In my second year I entered the

the third or Highest Greek Class, and that of Logic and Metaphysics, the Chair of which was filled by Dr. William Hamilton, and won honors in both. In the former the Prize of Greek Prose Composition was adjudged to me, During my third year I followed the late Professor John Wilson's course of Moral Philosophy.

Subsequently I spent two years in France, where I attended classes of History, French Literature, and the Physical Sciences under eminent Professors of the University; and during a brief sojourn in Italy I visited the Principal sites of interest to the Scholar and Antiquarian.

For a short time past I have been employed as Head Master in the Oriental Seminary in this City, where I have conducted studies in Shakespeare, Pope, the Essays of Macaulay &c. &c. with what success is testified by the Certificate of Dr. Nash, the Principal of that Institution, which I have the honor to lay before you.

I beg moreover to submit a letter from the Rev. J. C. Herdman bearing testimony to my attainments

Sir,

In reply to your letter dated 14th Instant I have the honor to state that leave of absence for one fortnight from this date has been granted to you, I must at the same time observe that the Medical certificate which accompanied your letter under reply is by no means as full or satisfactory as is desirable, and that I shall not be able to grant any extension of the leave now given except upon a certificate such as is referred to in my letter N^o 43 dated 12th ultimo.

I must repeat that the Rules in force will not allow of your drawing any portion of your salary for the time during which you were absent without leave

Sir;

With advertence to your letter N^o 821 dated the 27th of February last I have the honor to forward for your information copy of a communication from the Secretary to the Government of Bengal authorizing the retention of the services of an Assistant Professor of History, and sanctioning a slight modification in the course of instruction originally proposed for the General Branch of the Presidency College. The course now sanctioned will stand as follows -

<u>First year</u>	<u>Second year</u>	<u>Third year</u>	<u>Fourth year</u>
English	English	English	English
Vernacular	Vernacular	History Political Economy	Logic Metaphysics Philosophy
History and Geography	History & Geography	Natural Philosophy	Moral Philosophy
Mathematics	Mathematics Natural Philos- ophy	one course in Physics	Natural Philos- ophy one course in Physics

In

In explanation of this Table it is perhaps only necessary (in addition to what has already passed between us in conversation) to observe that the modification in regard to the Physical Sciences has been introduced in obedience to the wishes of the Government as contained in the following extract from a letter dated 7th February last.

"His Honor admits the desirability of giving a more practical Character than heretofore even to the course of study in the General Department, and for making provision therein"

"for a certain amount of instruction in the Physical Sciences, but he would allow each student to choose for himself, according to his natural bent or future calling, which subject."

"of those noted in the margin" he would attend under that head, and to make it compulsory to attend but one of those subjects in each of the two last years.

Sir,

I am directed to acknowledge the receipt of your letter N^o 404 dated the 20th Instant containing suggestions in connection with the orders issued from this Office of the 7th February last, regarding the course of study to be pursued in the General Branch of the Presidency College —

The Lieutenant Governor desires me to state in reply that he is not disposed to offer any objection to your proposal to retain the services of an Assistant

Professor of History, or to the adoption of the modified scheme of Instruction given in your last paragraph; but he desires me at the same time to observe that the course of study adopted in the first instance must probably be regarded as in some measure experimental, and dependent on the standard which may be ultimately fixed for the University

Sir,

With reference to the Course of
 College Instruction which was communicated
 to you with my letter N^o 551 dated the 12th
 ultimo I have the honor to inform you that the
 University-Committee that is now sitting in
 Calcutta has recently made a slight alteration
 in the part of their scheme which relates to
 the 'Moral Sciences,' in consequence of which
 I am of opinion that neither Paley's Moral
 Philosophy nor Stewart's 'Active and Moral
 Powers' need be read. The best Books in
 Moral Philosophy which the University-
 Committee has now decided on recommending
 are Abercrombie's 'Philosophy of the Moral
 Feelings' and 'Inquiries concerning the Intel-
 lectual Powers'. In like manner 'Easy
 Lessons on Reasoning' has been substituted for
 Whateley's Elements of Logic. I think it
 will

will be advisable to make corresponding -
alterations in our proposed College Course.

J. S. Sutcliffe
Principal of the
Presidency College

Sir

Agreeably to the notice
I gave Mr. Woodrow ~~at~~ about
a fortnight ago, I beg leave
to resign my situation in
the Hindu School from this
date. I have the honor to be

Sir

Yours most obedt servant

5th June 1855

A. W. Woodrow

My dear Sir,

The House in College Square would have been quite ready by this time, had not the roof suddenly come down, a misfortune which I deeply regret both on account of the unexpected delay and the considerable additional expense it has caused us. The work, as you have probably observed, is progressing as rapidly as

popille, and will, I hope,
finished in the course of
this month. so that in
July the house will be
entirely ready for you.

With reference to
your proposition, as commu-
-nicated to me by Horro-
mum, respecting the
partial occupation of the
house in question, I beg
to say that I can have
no objection to it, provided
every facility be afforded

403
for carrying on the work
connected with the rebuilding
and re-fitting the two
halls, which, as I have
already stated, will occupy
a little more than a
month. Tho' the portion
of the building now ready,
and which you propose
to occupy, is a good
deal more than one half
of it, I will have no
objection to take half
the rent say \$1000 per

per mendem, until the
completion of the repair

Yours truly
Robert W. H. H.
