CIRCULAR.

No. 77

FROM

BABOO KHETTER MOHUN CHATTERJEE,
Assistant Civil Auditor,

To

SIR,

I HAVE the honor to request that you will forward to this Office, as soon after the 1st of May next as may be practicable, separate from your April Pay Abstract, the usual Annual Statements as per Forms Nos. 1, 2 and 3, sent to your Office in the year 1848, to enable us to complete the books of Civil Establishments within the prescribed time, bearing in mind the Extract from the Resolution of Government, passed in the Financial Department on the 7th September 1842, published in the *Calcutta Gazette* of the 21st Idem, prohibiting Audit of Allowances for the month of April, until the above Returns are supplied to this Office.

2. When forwarding the above, you will oblige by sending also the Annual Return of Uncovenanted Servants to the 1st of May 1857, according to the Form No. 4, circulated in 1848, also a detailed Statement of the Establishments under each of the Deputy Magistrates, together with a Return, showing in Nos. 1 and 4, all Judicial and Revenue Officers exercising the powers of Deputy Magistrates, quoting the orders of Government vesting them with such powers.

3. You will be good enough, with reference to the Financial Resolution of the 29th October 1857, No. 4751, to annex a note to each of these Statements, showing the items of expenditure which, though sanctioned, have not been actually incurred.

4. You will further oblige by furnishing a separate Annual Statement of the leave granted to all Uncovenanted Officers (with Substitutes) attached to your Establishment drawing more than Rupees 10 per mensem, prepared agreeably to Form No. 5, transmitted to your Office in 1855.

I have the honor to be,

SIR,

that information was no essential part

Before the establishment of the

came to the conclusion that several of the
rejected Candidates were, under the
circumstances of their position entitled
to a diploma upon the footing of diplo-

my recommendation was attended to. The

result of the last B. L. examination. Not
 content with rejecting 18 out of 21 President
 an College law students, the senior of the
 examiners appointed by the Senate, Mr.
 Chubbald, once a college law professor, has
 it is notorious, thought it incumbent on him
 to pass a censure upon the college teaching.
 I have not seen that censure; I have not
 seen the answers of the examiners which
 called it forth; nor do I know by what stan-
 dard the judgment of the University ex-
 aminers has been guided in apportioning
 marks to the answers. I can therefore only
 submit, and oppose to the unsatisfactory re-
 sults or accidents of this B. L. examination
 the facts following:

1. The six papers of questions

which I annex with the value assigned to each question, by which the candidates have been tested in the college, offer a sufficient, a searching, even a severe test of qualification, i. e. of actual knowledge in the entire range of subjects embraced by the University curriculum.

2 The thirteen students selected by me, with the approval and co-operation of my assistant professor ^(who, it is not amiss here to remark, is an honor-graduate in Law of the London University), have, in our judgment, as shown by the annexed list of marks assigned to them, fully come up to that test, whether it be to qualify for a ~~the~~ University pass degree, or for the Educational certificate which, as I trust, I may see they have obtained.

Government law education is a department of the Presidency college: the Principal therefore represents it in the University Senate. But he is not a member of the Law Faculty, which governs the action of the University with regard to the B.L. degree.

It seems unnecessary for me to lengthen this letter by drawing any inferences from the facts and circumstances to which, as supplementary to my usual report, I have thought it my duty, on this occasion to allude.

I recommend, as a useful precedent, that selections from the answers given on the final or certificate examination be printed, for such circulation or other use.

But as no enquiry seems to have been made, we beg, you will be pleased to investigate into the matter and render justice to those, who by their honesty are likely to stand lower in the order of merit, than those who by mutual assistance may gain an undue superiority.

My dear Sir,
I have the honor to acknowledge the receipt of your letter of the 10th inst. in relation to the Residency College.

I am already informed, that some of the 3rd year students of the Residency College have shamefully cancelled their respective diplomas in open last Disputation.

I need not here write to you the several particulars about this, as they will come out by themselves if you enquire about them. I shall petition to their effect as I have formed in my private opinion to your Hon. our chief friends.

I am very glad to hear
 that you may kindly find the
 your version concerning them, before
 in the paper. I am sure you can examine
 them.

In writing this to you I am
 in all respects as a public man
 feeling that I am only a free

 from the coils which may befall
 us by a comparison of our
 of our papers with those of the
 boys hinted above.

In the first day of your

 class already corresponding to you
 about this affair, and you as
 we have received a note of
 their names in your memo book.

My dear Sir

The object, of this act is to delineate more effectually the foul deeds played by some of our fallen students in your final law examination of this year.

27 These boys conceiving without any fear of report
Still one of us had the boldness to inform you in their
very first day about this, and you as I am well aware
put a notice of their names in your pocket book.

When we remonstrated with the boys, who thus decided
on themselves by copying each others answers, to forbid
repeating the names the second day, they not only abused
us, but were ready (as their intentions indicated) to take
any amount of trouble (that of course).

Several warnings were given by some of our class
himself to them while Mr. Howland and Peter Church
looked on with their parents, but to no effect: once he
told them to stop the boys not to play and foul tricks
again, and so on, but they were quite to our detriment.

As we had the misfortune to observe the boys
the next morning giving a list of answers, and then
again by consulting each other, which was
to make them more and more determined to
be the greatest list of answers.
The boys that were the most determined to do so.

331A

I give my assertions a weight. I entreat that you will kindly take the evidence of Kally & others from one of the best boys of our class, and others such as Mr. Paul Choudhury, & other children, & in case of this my charges. But of course, I hope that you will take them one after another and then decide this matter.

In bringing this case to your information I can only say that I am not at all actuated by any malice. What I say is all true, and therefore I think that I am bound by duty to inform you (and to be honest about this, hoping that you will do justice to all of us, giving no favor to the one, and believing cordially in the administration of justice.

And thus I close my letter which I have written with much more intention, appealing to the deep sense of your duty, trusting that you will think of all your serious considerations all these before you decide, and thus upholding the truth.

Saw a system of examinations of the second
Class in their various subjects of study
during the Spring.

I have not been in the habit of
estimating or assisting my judgment
as to the results of an examination by
a numerical standard of marks. As
a general rule, I don't think it a
plan either requisite or expedient, in an
examination by a teacher of his own pupils
to do so, nor can I think the mere total
of marks given in a series of subjects
can even be a safe criterion. I am
in force my remarks as to the character
and defects of the papers upon them re-
spectively, for my guidance in report, or
report be needed, or in teaching of class
be not called for. I need scarcely say
I have never been required to adopt any
particular plan, nor was I aware that
my discretion as an examiner when

was fettered by any plan.

his Book on the Law of Evidence of which he is
about to bring out a new Edition, for use in the
Government Colleges if I could do so conscientiously.
I can recommend the Book with a perfectly good
conscience as I have a very high opinion of it and
think it better adapted than any other work that
I am acquainted with, to supply a want in the
practical training of those brought up to the
profession of the Law. I have already recommended
the work to the Lieutenant Governor for the use of
those engaged in the actual administration of the
Law in the Magistrate's and I believe it will be equally
useful now that both in Law Classes.

I should have felt bound to accept his
recommendations without question.

370 This year, however, the Profes-
sor of Law elects to subject the candidates
for certificates to an independent and severe
Examination. Six papers of questions were
prepared. To each question a numerical
value was assigned, and the number of
marks awarded to each successful candi-
date on each subject of the Examination,
and their total, was entered on a printed
Form headed Final Examination which
was signed by the Examiners, and a
copy of which, attested by the Principal, was
forwarded officially to this office with the
Professor of Law's recommendations. In sub-
mitting his report moreover, Mr. Johnston
draw special attention to the detail of
marks, as showing, in confirmation of the
judgement of the Examiners, that the qual-
ifications of the thirteen candidates recom-
mended for certificates in Law had
come fully up to the prescribed standard.

a paper, of the truth of the statement.

The Professor of Law in his observations on the letter of Gopaul Chunder Sircar says "doubtless some irregularity has occurred", and adds but its extent cannot be satisfactorily ascertained nor with ~~me~~ whom in particular the burden of it mainly rests". Had the Professor of Law immediately investigated the charges brought by Gopaul Chunder Sircar, when as Examiner it was his duty to do so, or he even when subsequently called upon for further explanation by you, under my authority, endeavoured to repair the error, and, after investigation, confirmed his previous conclusion, his opinion, that the alleged irregularity should not be permitted to affect the result of the Examination, would have been entitled to due weight, but it appears that he neither instituted any inquiry into the charges preferred, nor made any practical attempt whatever to satisfy himself of the truth or falsehood.

11. "Under the circumstances there
was no alternative but to declare the proceedings
of the Examiners at the late Final Law
Examination irregular and the Examiners
themselves void -

12. Having disposed of the points at
issue I might conclude this letter, but
I feel it my duty to make a few more
general remarks which seem called for by
portions of the correspondence now in mind.

13. "From the general tenor of the
Professor of Law's letter of the 16th inst. to
your address, he would seem to be under
the impression that his disqualification as
member of an Examiners, and even the possi-
bility of his award had been called in question.
There is nothing in your proceedings in
regard to this matter to warrant this
view of the case. On the contrary the
course you adopted seems to have been
judicious, and your proceedings such as
under the circumstances were required of
you as Principal of the College of which

213

and a first instance was respectful, and
made to the Examiner himself. It is
having been instituted, they appeal to the
Principal of the College, and in drawing
his attention to it before submitting the
case for my decision, you only show
that courtesy to Mr. Morton which
you doubtless consider due to all officers
officially subordinate to you holding
a similarly high position. It is
little competent to a Principal of a College
to refuse to forward ^{from them under his order} any appeal, to his
authority, if such appeal be a proper one
and couched in respectful terms, as it
is to the head of a Department or confer-
ring authority to refuse to listen to it if
submitted through the prescribed channel.

16. You are fully aware of the
tendency which exists on the part of native
Examiners to resort to unfair practices
in their examinations. You are, doubtless
as well aware how frequently and how
long by Government has been subverted
by these practices, and how very much

it is, upon all grounds, that no effort
should be spared to suppress these practices
in all our College Examinations, but most
especially and above all in those which
are to determine the qualifications of natives
to practice in or be employed about our
municipal Courts of justice. Under these
circumstances it will be clear to you - as
evident it appears to have been fully so
before - that it would have been impossible
for me to have acted upon the recommen-
dations of the Professor of Law coupled
as they were with doubts as to the integrity
of the Examination.

In calling for further expla-
nation from the Professor of Law - and
for the marks of the unsuccessful Candidates
(which I would observe it would have
been in accordance with the practice observed
at the University Examinations and all
Examinations held under the authority of
this Department in which marks are

Respectful Remembrance

Dear Sir
I have the honor to acknowledge
the receipt of letter of the 14th inst. from
you the Off. Secy of Public Instruction
dated 3rd June 1837

Captain Lees has declared
the proceedings of the examination at the
late final examination irregular and
the examination itself void.

I do not understand the
objections come to by Captain Lees upon the
petition of Abner McKim, George and
Abner McKim to be that of the number
(or considered) the total numerical value
of their answers to be one half of the
whole number of marks, say 300, and
described of any discretion as to the
repe or proficiency under the 3rd
paragraph of the letter appear to me
to be the contrary.

As the immediate
interest of the letter of the Off. Secy
is to the proposition on which

and inquiry in the offg. presenters letters
oral inquiries amongst the students, that
divided into accusers and accused
for that purpose, Mr Boulton and myself
(losing our professional familiarity and
probabilities and made of proof for dis-
covery of facts.) have given our deliberate
opinion, formed upon what we considered
the only true test, viz examination and
comparison of the written answers ourselves -

The irregularities observed to
have occurred in the presence of the Exa-
miners, were disposed of summarily at

I have placed in the Law Library
of the College two covers, having each 10 pages
of Card bound. These contain the com-
mencement of a summary of a course of
lectures on Jurisprudence - The accom-
panying letter from the Superintendent of
the Military Orphan Press details what
I propose that this should be the com-
mencement of a series of original works
printed (not published) for the ex-
clusive use of the Government Law Department
at the Presidency College or elsewhere as
guides and manuals in the several
of study included in the Curriculum for
the University B.A. Degree -

I reserve my entire property in
all works thus printed as to their publica-
tion - but I give the Government the right
to print and of translating
them to any extent with the
view of their use by the Government
and its agents.

I have the honor to acknowledge the receipt of your letter of the 10th inst. in relation to the publication of the "History of the State of New York," and in reply to inform you that the same has been forwarded to the proper authorities for their consideration. I am, Sir, very respectfully,

EXTRACT from the Proceedings of the Hon'ble the Lieutenant-Governor of Bengal in the Education Department, under date the 15th of June 1859.

READ the under-mentioned papers on the subject of the knowledge of the Vernacular possessed by Inspectors of Schools :—

Education Proceedings,	28th May 1857,	No. 84.
Ditto ditto	25th June „	„ 248.
Ditto ditto	23rd July „	„ 89-92.
Ditto ditto	30th „ „	„ 97-100.
Ditto ditto	11th March 1858,	„ 77-79.

RESOLUTION.—The Lieutenant-Governor observes that very shortly after the appointment, in April 1857, of Mr. E. Lodge to be an Inspector of Schools in South Bengal, the Reverend Mr. Long reported to the Director of Public Instruction his (Mr. Lodge's) ignorance of the Bengali language, and drew attention to the necessity of the possession of a competent knowledge of the Vernacular by Officers, one important part of whose duties was to report to Government on *Vernacular Schools*, *Vernacular Teachers*, and *Vernacular School Books* and to suggest, as the results of their *own observation and experience*, the best plans for the spread of Education among the *rural population*.

2. Mr. Gordon Young, in laying this matter before the Government, proposed the passing of the following rule, *viz.* “that after his first appointment, no Inspector of Schools should be promoted to a higher grade or draw an increase of salary until he shall have passed either in Bengali or Hindoostani by the ordinary test prescribed for the examination of newly appointed Members of the Civil Service.”

3. Upon this, the late Lieutenant-Governor recorded a Minute under date the 14th May 1857, entering on the mental and moral qualifications necessary for an Inspector, and on the difficulty at present of securing such qualifications combined with a knowledge of the Vernacular, which was undoubtedly a most desirable acquisition, but expressing a wish before coming to a final determination to learn from the Inspectors themselves their own view of their proficiency and after what reasonable interval they would be willing to present themselves for examination.

4. With reference to this enquiry Mr. Woodrow stated he would offer himself for examination immediately, which he did, and was subsequently passed. Mr. Harrison proposed to go up for examination very shortly, but Mr. Lodge could offer no prospect of his being able to undergo such a test of his proficiency. In November 1857 the attention of the Officiating Director of Public Instruction was again directed to this subject with reference to Messrs. Lodge and Harrison, and on the 16th January following Mr. Young replied that neither of these gentleman had passed, and that after carefully re-considering the question he fully recommended the adoption of the rule regarding the examination of Inspectors as originally proposed by him. Accordingly on 5th March 1858 this rule received the approval of Government.

5. At the present time the number of Inspectors is as follows :—

Mr. Robinson and Dr. Roer	...	{ Whose attainments in the Vernacular are
		{ such as to render their passing an examination unnecessary.
Mr. Woodrow	...	Passed.
and		
Messrs. Harrison and Lodge	...	Who have not yet passed.

6. The Lieutenant-Governor is of opinion that this rule for the examination of Inspectors, which requires that no Inspector should be promoted until

he shall have passed, either in Persian or Hindoostani, is quite inadequate to check what, if it should ever be found, in any case to exist at present, must be admitted to be a gross abuse, namely the employment of a gentleman to inspect Vernacular Schools and to report on Vernacular Teachers, who cannot ~~understand~~ ^{comprehend} what is said to him or make another understand what he says, in the only language which is understood by the Vernacular Teachers.

is a proposition too plain to be open to discussion. As Mr Halliday in his Minute of the 14th May 1857 has said; "in the inspection of Vernacular Schools, now so large and increasing a branch of our Inspectors' duties, a knowledge of the vernacular is absolutely and obviously

The rule now in force does not operate as a check to such an abuse. If a person is wholly disqualified for a particular office, a rule which provides that he shall be especially rewarded by promotion or otherwise, for his conduct in that office, whilst he is allowed to continue in the office, is a rule which is a gross injustice to the public and to the State.

Mr. Inspectors not examined, and not promoting Inspectors does not

A rule such as the one Mr. Long recommended seems to the Lieutenant-Governor to be for the evil, namely "that no person should be appointed as Inspector who has not passed an examination

commonly in less than six months. For perfect efficiency Standard is requisite, and should be eventually applied. But the Standard proposed, with the addition of a colloquial examination, will be a safeguard to prevent the possibility of the permanent appointment of absolutely disqualified persons by ignorance of the Native language for the fitness for which they are paid.

It may have been that when the present rule was made by the late Governor was thought that it would answer the purpose of incumbents, if disqualified, to qualify within a reasonable time. But if this be so, it is now plain that the rule has had no such effect.

The two Inspectors whose attainments in any Vernacular language were not known to be sufficient and had not been proved by examination when the rule was made, still remain unexamined; though one of these gentlemen

ORDER.—Ordered, that the rule passed by the late Lieutenant-Governor on the 5th March 1855 be recalled, and that the following rule be passed and published in the Calcutta Gazette.

(3)

RULE.—No person will be permanently appointed as Inspector of Schools, who has not passed an examination in the Vernacular, of the same Standard as that fixed for the newly appointed Members of the Civil Service.

Ordered also, that the Officiating Director of Public Instruction be directed to call upon Mr. Lodge and Mr. Harrison immediately to proceed to the Presidency for the purpose of being examined in accordance with this rule, and to report the result for the information of Government.

To J. W. Cliffe Esq. M. A.

Sir

I proceed to respond to the call made by his Hon. the Lieut. Governor for information under the heads following

1 Whether the B. L. Standard is or not materially higher than the old Presidency College Diploma Standard.

2 If so, whether it is higher than is thought to be, considering all things with reference to the administration of justice or not.

3 If not higher than is thought to be, whether it is higher than the present Law Course at the Presidency College can raise its students to, within the time of the Course or not.

4 Why the present Law Course should not be extended to meet the requirements of the University.

2 You have referred me to the General Report of Public Instruction (1855-6 and 1856-7) appendix C p 67 of the first and appendix C p 76 of the second) as material for bearing out

was the old Presidency College Law Diploma
Standards

In the former year thirteen questions
are put on "Regulation Law" being the
proceedure of the Mofussil Revenue and
Dewanny Courts; and ten questions are
put on "General Jurisprudence". In the
latter year, twelve questions are put on the
last named subject and twelve on "Mu-
nicipal Law" viz the Mofussil Law, in
which the Substantive Law of the several
Courts of the E. I. Company is touched upon
as well as procedure -

From these rather meagre data
I could not define, what was the standard
of the diploma, but they are, I believe, suf-
ficient for the comparison. I am asked
to make - I must leave to you or to the
Appointing Director of Public Instruction
to furnish the Lieute. Governor with such
further material on this head as His Honor
may require, being myself necessarily ig-
norant of the subject and possessing no
records or means of information -

The qualifications for the B. A.
degree are

1. attainment of the B. A. degree

2 Competent knowledge of the philosophy of Law and the machinery of Government, in other words of juridical science, under the heads of "General principles of jurisprudence"

3 "a like knowledge of English, Hindu and Mahomedan Civil laws, of Indian Revenue law, of the laws administered in the Mofussil Dewanny Courts, of the systems of procedure in all the Courts, of the English rules of evidence and their modifications in the Mofussil Courts."

4 English Criminal law and practice, Mahomedan Criminal law and its modification, in substance and in procedure under the Indian Regulations -

This vast range of subjects is artificially divided into six papers averaging - say twelve questions each -

4 The standard of proficiency demanded has hitherto rested entirely in the discretion of the University examiners, but an unfortunate exercise of that discretion on the last occasion has induced the University Senate to fix a technical standard (5 marks on each subject, 12 on the whole) which although

Style, in fact variable with the disposition and taste of the examiner for the time being, shews the intent of the University authorities, that a moderate proficiency should suffice for the pass degree. Some considerable knowledge of each of the six heads of subjects is entirely pro; and, on the whole, the Candidate must have attained half of the full or highest value at which the examiner estimates the entire range of questions.

5. It will, I think, be obvious to His Honor the Lieutenant Governor, that but a feeble & any analogy can be drawn between the requirements for the old Law diploma and the Standard for the B. A. degree. I certainly think that the latter is materially higher than the former. But,

6. 2^d I by no means consider that the Standard is higher than ought to be upon any considerations.

It appears from the 16th para. of the Resolution of the Governor General in Council of 12 Decr 1856 that the University Course of Study (a foolish the Standard for the University Law

degree) has been fixed without reference to any decision or views of Government as to the requirements of the public service and thus would seem to be inevitable. The University could not possibly fix its standards to the actual necessities of the state so as to keep up, at present, a supply of qualified Moonsiffs and Government talukhs, to say nothing of bidders and jiltah pleaders. But the Government School or School of law might do so, to a proximate extent at all events. At present, the Single Government School of law nominates and presents students who have completed a college course with credit, for a Certificate of qualification to commence a professional career, i.e. to compete with the holders of Sunnah under the pleadership examinations he then holds.

The Certificated Candidates are either the equals (possibly superiors) of the B. A. graduates of the year - differing from those only in the ability or wish to come up to the standard of the B. A. degree - or they are such low students as find reference to any University but not

responsible Government law-educator
considered to have evinced intelligence,
capability and juridical knowledge suffi-
cient to be an acquisition to the ranks
of the *Mofatib* bar.

It would not be practicable to
supply vacancies on the native bench even
with Bachelors of law, upon any academi-
cal standard, much less upon a tech-
nical standard embracing besides jur-
idical knowledge, a very wide range,
(though perhaps with a high one) of general
acquirement both in literature and
science viz: the B. A. degree -

8 3rd This question cannot be shortly
answered, for any practical purpose -

The Course of law instruction at
the Presidency College, since 1st September
1857 has been as follows -

The first, at least, of the three
academical years is occupied in the
acquirement of general *Principles and Principles*
as materials for and a guide to
private study of juridical science;
also, as a preparation and foundation
for study of positive systems of law. In
this stage of their career, the purpose

429

are made acquainted with the distinguishing peculiarities and generally with the chief details of the Roman Civil Law. Those who show a competent knowledge of what may be called the introductory or jurisprudence course, next attend lectures upon and are periodically examined in the various heads of hispanish law, e.g. Property, real and personal, Contracts. They are also lectured minutely upon the rules of evidence, and generally upon procedure. All these subjects of instruction in Law proper, are extended in such order as circumstances suggest, over the 2^d and 3^d years of (what may be termed) the undergraduate ship, but as after the first year, the student is not permitted to pass on to the class of 2^d year students, unless he satisfy his teachers that he has attained a competent knowledge of what he is assumed to have had the opportunity of learning - in default of which he is degraded, and compelled to commence his studies anew, with the fresh comers of the then opening session so that the students of the 2^d year have to pass a similar test after the first year.

parts of the 2^d year's lectures, before being
admitted as 3^d year students. In their
3^d year they are (in addition to the continuing
English law lectures) instructed in the law
administered in the Mofussil Courts, Civil
and Criminal, in Hindu and Mahomedan
law, and, generally in the Indian
Mofussil system to be found in the reports
of the Sudder Dewanny and Nagamut
Adawlut. What is expected of them in
this respect, may be seen generally from the
Mofussil law portion of the following papers
of questions in the B. L. pup examinations
of 1868. "Rights of Property," "Personal Rights
and Status," "Criminal Law".

9 Now, the degree of knowledge ab-
solutely required in certain subjects of
lecture at the end of one year's study and
in certain other subjects at the end of
two year's study, as above explained, is
certainly not such as to suffice for any
academic distinction. It may be
therefore that a student who has passed
decently through an entire College course
is not yet much below the standard
of fitness which even a candidate for the
B. L. degree should possess. This is a possible

925

Case, but very unlikely to occur among
those who have been through an entire
three years under the present system. one
of the most effectual checks against such
a Contingency (which of course should
be a barely possible one) is, a Compulsory
Standard of general intelligence and
general educational fitness, as a con-
dition for admission to the Law-Classes.
This necessary precaution has, I believe
been much neglected or overlooked un-
til the current Session. The 47 College-
Students of the present first (or Junior)
Class are, I consider, all above medio-
crity in their general intelligence and
acquirements.

10 And here in advertence to the
number of Students, I would respectfully
suggest to his Honor the Senate Governor
the obscure and inconvenient locality of
the lecture room (inconvenient to all, save
one, or a portion of one Class of Students) and
the great probability that attendance
on the law lectures, at all events by out-
Students, would be much increased (with
no real drawback or objection as far
as I can discover) by a more public

more central, a less out-of-the-way site
being selected for the lectures; e.g. the
Civil Engineering College -

11

The last Report of the Sub-committee
of Law prior to the establishment of the
University in this Presidency observes that
tests of a law degree at each University must
in some degree be modified by the extent
of legal instruction afforded at the partic-
ular Presidency, and in their first
Report they observe, - "The requisites for a
law degree in the different Universities
of India will probably vary somewhat
according to the means of instruction pro-
vided in each Presidency (In this Presi-
dency the Sub-committee understand that
provisions will be made by Government for
lectures on General Jurisprudence, the
elements of the Roman Civil Law and
international Law by one Professor, and
for lectures on the Municipal or Positive
Law of the Country by another Professor."

was required, on accepting office
to undertake the entire responsibility of
enabling those students who possessed the
 requisite general education and industry
to pass a competent examination in
the curriculum of subjects laid down

426

for the B. L. degree. I have struggled, with
much misgiving to accomplish this task
and have approached nearer to success
than I anticipated I could do -

12 But, my essential vocation,
I have always felt to be a much higher
one. A judicious scheme of cramming might
have led to at least equally satisfactory
results of the B. L. or any other examina-
tion -

Although the University could
not aspire to provide the Government or
the public with law officers, I knew that
the real and substantial success (if any)
of my teaching must be evidenced in the
conduct and qualifications of my pupils -
a class -

I have therefore taught irres-
pective of the requirements of any mere
examination - I have attempted to teach
my pupils to think and to study for them-
selves to appreciate their subject, so as
to deal with it as to open and enlarge
their minds and to fit them, in a higher
sense than any successful efforts of memory
could do, to be candidates for the advocates
and the judicial office. The result is,
that to meet the requirements of the law

sity" as I understand those requirements of
"the present law course at the Residential
College" is, I consider, de facto sufficient,
but only so long sufficient, as the Professor
makes extra efforts beyond the mere duties
or routine of his office, a simple observance
of that routine, viz. a reasonable number
of personal lectures and a supervision
of the lectures delivered by the Assistant
Professor (which I presume is a fair
official construction of my duty) would
not suffice. The office requires special
tastes and adaptation - and this, a varied
experience may possibly (with more of
accident than of personal merit in the
acquirement) have enabled me to possess.
I endeavour under an indulgent consid-
eration, better to accorded, of the Bengal
Government, and by employment of 1/4th of
my salary in private assistance, to save
myself from being entirely engrossed by the
demands of the office - a contingency, it is
perhaps needless to add, I cannot afford,
nor is it expected of me. I beg that you
will enclose, for his Honor's information the
College programme of the course now being
gone through. The subjects of lecture are

as you are aware, from time to time
varies.

13

I have already in an official
letter dated 13 April last, asked for
some modification of existing arrange-
ments and suggested others. In particu-
lar, I think, a lecturer or Assistant
lecturer on the laws of India (scil
Moossil Law) should be appointed to aid
me in a portion of instruction under that
head.

When this is done, the main re-
quirements of the University, i.e. means of
preparing for the University examination,
as far as can be by lectures, or the efforts
of lecturers, will I think, under the present
scheme, have been met.

14

But much (I trust Her Honor
will not find fault with me for saying)
will even then remain to be done, to make
the single Government School of Law and
juridical training, worthy of its vocation
and suited to the demands or necessities
of the state and the public.

Such, I well know, were the
sentiments of the late South Governor
who was greatly discouraged by the

(yet unexplained) despatch from the
Court of Directors of 6th April 1838
(Financial &c) but who led me to hope
that the Bengal Government would even-
tual succeed in establishing an effi-
cient and competent Government
School of jurisprudence.

15 I am aware, that His Honor
the Lieut. Governor, no less than Mr
Hullocky admits the public importance
of Law-education, and therefore it is
that I have ventured, I hope not ob-
trusively, to avail myself of his Honor's
reference, in order to explain the sub-
ject matter of that reference, somewhat
more at length than was needed for
a categorical reply to his Honor's
question.

I have &c

Professor Law and

Jurisprudence

Calcutta

4 August 1839 }

From

The Assistant Professor of Law
and Jurisprudence in the
Presidency College

To J. Subcliffe Esq. M.A.

Principal Presidency College

Sir Presidency College 4 August 1839

I have the honor to forward to
you my Report upon the points mentioned
in the letter of the Director of Public Instruc-
tion, addressed to you, and dated 27th July
1839 - upon the first point - whether the
B.L. Standard is materially higher than
the old Presidency College Diploma
Standard - I am of opinion that B.L.
Standard is materially higher than that
of the old Presidency College Diploma
which was granted before the B.L. Degree
was conferred.

I have ascertained the old
Presidency College Diploma Standard
from the examination papers for the years
1853-56 and 1856-57 sufficiently for
the purpose of this comparison.

The B. L. Standard I believe to be ascertained from the Schedule of subjects given in Rule VIII of the University that for the B. L. degree, that schedule should be taken in connection with the rule last recd. & passed by the University that one half of the aggregate number of marks obtainable upon the examination proper and one third of the total number of marks in each separate part must be gained by the successful candidate for the B. L. degree.

Upon the above point - Whether the B. L. Standard is higher than ought to be considered in all things and more especially in the administration of justice I must consider that it is higher than ought to be.

Upon the above point - Whether the B. L. Standard is higher than that which the present law Court is to be considered for can be ascertained within the time of the Court - I must consider that it is higher than the Standard to which the present law Court is to be considered.

Students within the time given. The present Law Course at the University of Michigan consists of lectures delivered during three years, with examination at the end of each year. In the year at least 252 lectures are delivered and the time appears to me to be sufficient for the instruction of students who are so far educated in general subjects as to be able to take the B. A. degree one year before taking the B. L. degree in accordance with the rule of the University.

The present course of instruction efficiently carried out, appears to me to be sufficient in other respects as well as in length. The course is, generally, as follows and is, as will appear, adapted to the schedule of the subjects required for the B. L. degree.

The Law Students of the first year attend only to General Jurisprudence in which lectures are delivered by Mr. Montrose. Those of the second year learn English Law as it relates to

- (1) Personal Rights and Status
- (2) (a) The rights of Property
- (b) The Law of Contracts

3 The Law of the Sea

4 (By) Evidence

(C) Criminal Law

In these subjects the students of the second
year attend lectures delivered by the
lecturer a week, but one subject of the
law of procedure has been treated
by Mr. Montague. The students of the third
year attend lectures upon the common
Municipal Law of the Empire, the Law
and the Administration of Justice and the
Law administered in the Colonies and
the Foreign Courts given by Mr. Montague
and they also attend lectures upon
English Law in some or all of the above
mentioned subjects given by the

4 Examination for the degree
was held in April 1885 by the Senate
of the University of London on the subject
of the Law which since the year
of 1857 has been entrusted to English
hands. The subjects specified in the
University Statute - the papers were
in my opinion a test of the candidate's
knowledge of the Law of the Subject
as well as of those treated in the
Lectures and whatever might be the
results of that examination, in

Considerable number of the students answered the questions satisfactorily. I think it goes far to show that the College Course is not insufficient to raise the students to the B. L. Standard -

It would perhaps at first appear that the shortest way of determining whether the course is sufficient is to compare the papers for the late Diploma examination (assuming them to have been as searching as the preceding course required) with the B. L. Examination papers; and also to look at the result of the last B. L. Examination. This would, however, in my opinion, mislead. The papers for the B. L. degree, both in 1838 and 1839 do not appear to afford the means of knowing the B. L. Standard. The papers for both those years in the subject of Personal rights and duties contained questions in Roman law and although in connection with jurisprudence the students might properly have been examined as to that legal system, yet such questions ought not to have been entered into papers upon the second

systems of Municipal law prevailing in
India. It is hard to say that there were
not departures from the intention as well
as the letter of the 7th Rule above mentioned.
This is only brought forward to show that
the third point can hardly be decided
by a comparison of the Diploma papers
for 1859, with the B. L. papers for that year,
or 1858; or by referring to the result of the
B. L. Examination in 1859. - Besides the
standard of marks adopted by the Examiners
in both these years was higher than that
fixed by the University. -

Upon the fourth point. I am of opinion
that the B. L. Standard is not higher than
that to which the Law Classes at the
Presidency College can raise its students,
and I therefore do not think that the
present Course should be extended to
meet the requirements of the University.
But though it does not seem to me to
require extension, the present Course
might in my opinion be defined with
greater distinctness. At the Commencement
of each Session the period for the con-
tinuation

431

terminance of each series of lectures might
be approximately fixed. Examinations
might with advantage be held more
frequently than, as at present, annually
for the purpose of seeing what students
are fit for promotion from the 1st or 2^d
year's Class.

These answers have only reference
to the Pup Examinations. - It might be
expedient to extend the present Course
and introduce a system of instruction
for those students who may wish to go
up for honors at the B. L. degree
Examination -

to inform that prior to the occupation of

the Presidency College buildings by the

of boys in the three Institutions then located

in those buildings was 1147 vide Registers of

attendance for July 1887, whereas by refer-

ence to similar Returns for June last I find

the aggregate number to be 842 showing

a decrease of 305 students on the three

Institutions in question. It does not

appear therefore absolutely necessary to place

the Sanson College in a building other

than the one it occupied in July 1857, and
I am consequently reluctant, in the face of
the very stringent orders of Government
prohibiting increase of expenditure in this

acquaint you, for the information of the
Professor of Law, that his letter of the 15th of
April last was disposed of by the Director
of Public Instruction before he left for
England -

2. The Director in his minutes
on the subject - with much reason it appears
to me remarks -

"The Government has quite lately (at the
instance of the College Authorities) prolonged
Mr. Bonbois' appointment for a further &
"fixed period we could hardly go up and
"immediately again and propose another year."

permanent. I would bring up this question
again towards the end of the present Session -

3. With the opinion of the Director
thus recorded, it was not my intention to
move in the matter. - The present time moreover
is so unfavorable for moving questions involving
permanent expenditure, that, under any circum-
stances I should be unwilling to make
a reference to Government on the subject, &
without first ascertaining the wishes of the
Assistant Professor of Law who is the officer
personally concerned. -

I would add that I have no objection

desires it.

Sir,

I have the honor to forward
 a draft rule regarding the supply of books for
 libraries of Colleges and request you will favor
 me with your opinion on the subject stating whether
 you think the plan proposed would be an
 improvement on that now in use. -

Rule

Considerable inconvenience having been
 experienced from the present mode of supplying
 Colleges with Library books, Principals will in
 future purchase the books they require without
 reference to this office, sending up their bills
 half yearly, but not oftener, for sanction in the
 usual manner. -

It is to be distinctly understood, that the
 amount available for any year must be expended.

within that year, and that no bill for books purchased,
not submitted before the 30th April will be passed
debitable to the allowance of the year subsequent.

From MAJOR-GENERAL R. J. H. BIRCH, Secretary to the Government of India, Military Department, to the Secretary to the Government of Bengal,—(No. 632, dated the 12th August 1859.)

SIR,

I AM directed to transmit to you for the information of the Hon'ble the Lieutenant-Governor, transcript of a letter from the Inspector General, Her Majesty's Hospitals, to the address of the Officiating Deputy Adjutant General of Her Majesty's Forces in India, No. 186 dated 3rd August 1859, with annexment, intimating that for the present, the Hindoo College Hospital is not required for the accommodation of Invalids.

From W. LINTON, Esq., M. D., Inspector-General, Her Majesty's Hospitals, to LIEUTENANT-COLONEL MACKENZIE, Officiating Deputy Adjutant General, Her Majesty's Forces in India, Calcutta,—(No. 186, dated the 3rd August 1859.)

SIR,

I HAVE the honor to enclose the accompanying letter from Deputy Inspector General Dr. Anderson, reporting that after the embarkation of the Invalids, (expected in a few days) the Hindoo College Hospital will be very nearly empty; and may, for the present, be dispensed with. I beg, therefore, you will have the goodness to bring to the notice of the Government my entire concurrence with Dr. Anderson, in thinking there will now be sufficient Hospital accommodation in Calcutta for the sick of the Queen's Troops without this building; at least until the arrival of the Invalids in the cold season about December next, when a smaller building might probably be sufficient for every want; or it might be a desideratum to obtain a building somewhat larger than the Lower Orphan Hospital, which would answer every purpose during the year, whether for increase of sickness in the summer, or the arrival of Invalids in the cold season.

From A. ANDERSON, Esq., M. D., Deputy Inspector-General of Hospitals, to DR. W. LINTON, C. B., Inspector-General of Her Majesty's Hospitals, and P. M. O., Queen's Troops,—(dated Calcutta, the 3rd August 1859.)

SIR,

As I understand, that, by a late General Order, no Invalids are to be sent to Calcutta from the Upper Provinces till the middle of December, and as the number of patients in the Hindoo College Hospital, at present very small, will be still further reduced by the early embarkation of Invalids proceeding to Europe, I would beg to suggest, (with your approval) that the necessity for the occupation of this Hospital by the sick of Her Majesty's Troops no longer exists.

Dated Calcutta 7th September 1877

Sir

I have the honor to forward you
a copy of the orders of Government No. 380
dated the 27th August 1877 empowering me
to send a certain ^{number} of students from English
or Anglo Vernacular Schools to Superior
Government institutions -

2 In selecting these students, I have
determined to reward the best students as
far as my power extends. The first
objects of interest are those students of
Non-Government Schools, who have passed
the Entrance examination, but failed to
obtain money Scholarships, because four
students from the same School, were not suc-
cessful at the same examination. It seems
to me hard that the industrious student
may not have a reward simply because

some of his School fellows were idle -

3 I therefore award a free Scholarship to Monyball Sandel and as he has already entered the Residence of the Bishop from St. Paul's School, I have to request that he may be placed on the list of Free Scholars, from non-Government institutions, for two years from the date of this letter -

To The Director of Public Instruction
General Education. Sir
Dated Fort William the 27th Aug 1877.

I am desired to acknowledge the receipt of your letter No 1023 dated the 17th Inst., calling attention to the fact that, whilst there are English Scholarships open for competition to pupils from English schools, both Government and private, and Vernacular Scholarships for those coming from Vernacular schools, there are none for which the pupils of the Anglo Vernacular or Intermediate schools can compete, and proposing to award to the best pupils of these schools from time to time, "Free Scholarships," or scholarships carrying with them no stipend, but only the privilege of free tuition for two years at a Zillah School.

2^d In reply I am desired to state that the Lieutenant Governor approves of the plan submitted, and sanctions the establishment of the "Free Scholarships" as the maximum to be granted every year.

Year in each District in which Anglo-
vernacular Schools have been established.

Sir,

With reference to your letter of the 3rd Current I have the honor to sanction the continuance of the occupation by the Hindu School of the building in which it is at present located. The rent will be paid out of the surplus schooling fees from the day the Presidency College building is vacated by the Military Department & the time for quadrantal repairs are completed.

I have the honor to be,

Sir,

Public Instruction

In reply to my application for a school
book case long after my submitting it to
your consideration, I had in conformity to the
Rules of this College to pay schooling fees for
three months which were the months I waited
for the reply -

After I had paid my respects to your Excellency
the Principal, as you directed me, for the return
of these fees. But it was replied that such was
not the custom of the College.

Such cases like mine have not arisen
frequently and the performance of an act in one or
two solitary instances does not entitle itself to be
called custom. It requires only a little trouble
on the part of the Principal to restore to me what
I consider my right -

I request that the case be taken into considera-
tion and settled as you think fit -

Yours very
Respectfully

Sir,

I beg to inform you that in
dated 3rd Instant, I have been so acquainted
you that your salary as Professor Halliwell -
locumtenens has been regulated with reference
to the Resolution of the Government of India
in the Financial Department No. 3 dated
the 27th April 89, which prescribes that "when -
covenanted officers, civil or military, officiate
for uncovenanted officers, and when uncovenanted
officers act for covenanted officers civil or
military, the remuneration allowance in such cases
will be regulated according to the principle laid down
in Chapter VI Section XXV, XXVI, and XXVII of the Manual
of the Government of India."

(S)

civil absolute Rule, it being understood,
however that Section XXVII shall not apply to
ministerial Officers acting for commissioned officers
who are entitled to acting allowance from the date
they commence to officiate, and not after the
expiration of one month as in the case of other
uncommissioned officers of superior grade.

The principle laid down in
Section XXV is that an officer when acting for another
will be entitled to draw in addition to his full
salary a deputation allowance @ 25 per cent
upon a salary not exceeding \$2000 per month and
10 per cent above that amount.

Before the Resolution of the 27th April
1897 came into operation there was no definite rule
on the subject of deputation allowances, which
were regulated according to the peculiar
circumstances of each case.

When not aware of the position,
you occupied previous to your appointment to
the Presidency College. If you were on the staff,
you are entitled to draw the full staff pay of your
substantive appointment, but if you were attached
as a Professor, then the full Military pay and
allowance of your rank plus in either case
twenty per cent of Dr. Hollenars salary.

Sir,

I have the honor to acknowledge
the receipt of your letter of the 12th
Inst. transmitting an application from
Ahmad, a student and son of a scholar
of the Institution under your charge for
refund of schooling fees paid by him
for the months of April, May, and June
last, a scholarship having been subsequently
granted to him, and drawing my attention
to the impropriety and style of the letter.

It was certainly my intention
in conferring a scholarship on this
student, that he should enjoy it from
the commencement of the session, as the

in passing orders in this case was caused by
circumstances over which he had no control.
Had his application therefore been couched
in modest and becoming terms, I should
have been prepared not only to refund to him
his detaching fee, but also the undrawn
balance of his scholarship stipend.
Such however is not the case. He has
written a letter, which though you designate
it simply disrespectful, considering the
relative positions of the writer, yourself, and
the authority to whom it is addressed, I am
of opinion is little, if at all, short of in-
ordination. —

You recommend that this student
be deprived of one month's stipend. Had
he been a junior scholar, I should have
approved of this recommendation, but as
a senior scholar, I think the punish-
ment would not be adequate to the offence
committed. Will be deprived of the scholarship
of which he has proved himself unworthy,
and as to whether a youth who has shown

477

himself so deficient in those qualities which
must befit a pupil, & should longer continue
a student of a College of which you are the
Principal, is a matter for your consideration.

The youth of this Country whether
the sons of the rich or the poor must be
brought up like those of all countries of Europe
Europe and America, that, while in State
schools, one of their primary duties is to
treat the authorities of their College with the
utmost deference. This precept must be
strictly obeyed by the Hindoo and Moslem
of both Hindoo and Mohammedan, and in
their social relations one generally observed
by them with religious firmness, that
a pupil shall treat his preceptor with a
respect almost approaching to reverence,
and it would neither advance the interests
of Education in India, nor tend to the
welfare of the natives themselves, or to raise
the higher classes of them, that their sons
should learn in an English College to
forget this salutary lesson.

5 This frequently brought up as a
reproach against the Government system
of Education, that the clerics of our English
Colleges are generally wanting in modesty and
sobriety, and ^{often} puffed up with vanity and
self-conceit to such a degree as to affect
their judgment, - thus furnishing us with
living examples of that great truth, that
a little knowledge is a dangerous thing.
I am not aware of how far this accusation
is founded in fact, but I have myself
seen too many instances of the kind, to
doubt that, if not wholly true, it is altogether
groundless. I desire, therefore, that after
consulting with the Professors of the General
Department of the College under your charge,
you will favor me with a report on this subject,
stating whether in your opinion the evils
complained of, are in any way attributable
to the present system of College discipline, and
if so, ~~whether~~ ^{whether} it is necessary or ad-
visable that any alterations should be
made in the general regulations of Govern-

478

ments Colleges, with a view to effect a reform—

Sir,

In reply to your letter No. 466 dated the 13th Inst^t I have the honor to forward for your information a copy of the order of Government No. 386 dated 27th August sanctioning the award of certain free scholarships to Anglo Vernacular Schools -

2 In this order you will observe that the term Anglo Vernacular is explained to mean "Intermediate," i.e. between two ~~ex-~~ ~~tremes~~ ^{degrees}. The lower is an ordinary Vernacular school, and the higher, or that at which the free scholarship is tenable, is, as clearly stated in the order referred to, a Zillah school. College scholarships are awarded only by the order of the Department.

3 The student Angulali Choudhury made an application to me for a scholarship, ^{and his scholarship} had been granted to other students.

Students similarly situated, as "special cases,"
I should have extended the privilege to him
also, had not the list of scholarships for
the year 1858/59 already received the
sanction of Government. Under the
circumstances, and on the understand-
ing that this case is in no account to
form a precedent, I have no objection to
incase the payment of fees in the case of
Henry Lall Sandil, should you recom-
mend it, but not otherwise. —

I AM directed to acknowledge the receipt of your letter, No. 1033, dated the 17th instant, calling attention to the fact, that while there are English Scholarships open for competition to pupils from English Schools, both Government and private, and Vernacular Scholarships for those coming from Vernacular Schools, there are none for which the pupils of the Anglo-Vernacular or Intermediate Schools can compete, and proposing to award to the best pupils of those Schools from time to time "Free Scholarships," or Scholarships carrying with them no stipend, but only the privilege of free tuition for two years at a Zillah School.

2. In reply, I am desired to state, that the Lieutenant-Governor approves of the plan submitted, and sanctions the establishment of ten "Free Scholarships" as the maximum to be granted every year in each District, in which Anglo-Vernacular Schools have been established.

it were by right. In regard to the privileges
they confer both are, or ought to be, the same,
and the student upon whom a scholarship

FROM RIVERS THOMPSON, Esq.,

Junior Secretary to the Government of Bengal,

TO THE OFFICIATING DIRECTOR OF PUBLIC INSTRUCTION.

Fort William, the 23rd September 1859.

Education.

SIR,

I AM directed to acknowledge the receipt of your letter No. 1839, dated the 26th ultimo, relative to the Examination of the Law Students of the Presidency College.

2. In your letter No. 1219, of the 13th June last, you reported that in consequence of the discovery of some irregularities in connection with an Examination held by the Law Professors of the College, you cancelled that Examination and solicited the orders of Government for the re-examination of the Candidates for Law Certificates. You at the same time brought to the notice of Government an order which was issued by Mr. Gordon Young for the grant of Diplomas to Students, independently of University Degree Examination.

3. Before coming to a conclusion on the points referred to, the Lieutenant-Governor, in my letter of the 18th July following, desired to be informed of the exact nature of the promise made by Mr. Young to the Students, and requested to be furnished with Reports from the Professor and Assistant Professor of Law and your own opinion on certain points regarding the position of the B. L. Standard in respect to the old College Diploma Examination, and the sufficiency of the present Law course to raise the Students up to the requirements of the University.

4. The Reports called for, which were received with your letter under acknowledgment, having been laid before the Lieutenant-Governor, I am now desired to communicate to you in reply the following observations and orders.

5. As recommended, the Lieutenant-Governor authorizes the grant this year of College Certificates to those Law Students, who in the last University Degree Examination obtained half of the whole number of marks.

6. You will be so good as to inform the Professor and Assistant Professor of Law that the Lieutenant-Governor has read their Reports with much interest; and that he has no doubt that the Government Law School will gradually and at no distant time attain, under their able teaching, that high position which His Honor agrees with Mr. Montrieu in thinking, is an object which it is the duty of Government to accomplish. All things considered, the Lieutenant-Governor is of opinion that the result of the last University B. L. Examination, though unfortunate, is no proof of the Students having universally failed to make fair progress in a legal education. He thinks rather that it shows that the University Test was taken too high for the time being, and he is very glad to find that the Senate has taken the same view of the matter.

(2)

7. I am desired to observe that the papers now submitted have satisfied the Lieutenant-Governor that, on general considerations, there is no necessity for either extending the present Law course, or departing from the principle originally laid down, which, it may be inferred, was approved by the late

* Vide Mr. Gordon Young's Lieutenant-Governor,* and by which the University letter to Government, No. 317, Degree superseded all College Diplomas, Certificates, dated 3rd February 1858. and Examinations. In the letter quoted in the margin, Mr. Young explained that the University Examination was the same as

that which the Students, under any circumstances, would have had to pass in the College. What induced Mr. Young so completely to change his views does not appear. But as his subsequent orders of the 17th January 1859 are inconsistent with the principle laid down before; as they tend in effect to overthrow the University system altogether; and as there is no trace of their ever having been approved by, or even reported to Government, the Lieutenant-Governor desires that they may be cancelled forthwith.

8. If by this order any individual cases of hardship arise, they can be specially reported to Government for orders.

9. The original enclosures of your letter under reply are herewith returned.

I have the honor to be,

SIR,

Your most obedient Servant,

John Macleod
Junior Secretary to the Government of Bengal.

Dear Sir

I have at length heard from
Dr Hallen, and extract for your in-
formation the following from his letter
dated Karlsbad 5 September, regarding
the Chronometers &c.

"With regard to what Mr Sabatier
has been doing I would beg of you to let
him know that those two Chronometers
and that Barometer, I received from
Majr. Shuller for my use in the
College, & not for the College, that the latter
was a defective one, and only to be of use
for certain experiments. I left the same
with Niernander. The 2 former are with
Mr Hanhart, who promised to take care
of them as well as of my own during my
absence, and as there is article, strictly
speaking does not belong to the College, but
to Majr Shuller's office, I could not
enter them in the list as College prop-
erty. So better leave this matter as it

left it, until my return -

From R. B. CHAPMAN, Esq., Under-Secretary to the Government of India, Home Department,
to the Officiating Secretary to the Government of Bengal, (—No. 2011, dated the
15th October 1859.)

SIR,

I AM directed to forward the accompanying copy of the letter marginally noted, from the Government of Fort St. George, to the Right Hon'ble the Secretary of State, recommending certain modifications in the Pension Rules of the Uncovenanted Service, as applicable to the Educational Department, and suggesting additional Rules for adoption in regard to all servants in that Department.

2. The Hon'ble the President in Council desires to be furnished with the sentiments of the Hon'ble the Lieutenant-Governor on the proposals of the Madras Government generally, and more especially on Rule 3, the expediency of which, as applying exclusively to the Educational Department, seems to His Honor in Council to be doubtful.

From the Government of Madras, to the RIGHT HON'BLE LORD STANLEY, Secretary of State for India, (—No. 39, dated the 3rd May 1859.)

IN the Despatch to the Government of India, dated 20th July, No. 23 of 1853, the Court of Directors, in sanctioning the extension of the benefits of the Superannuation Pension Rules to their Officers in the Educational Department, determined "that the Principals and Head Masters of Colleges or Schools shall be ranked in the same class with Law Officers and Native Judges, and, in like manner with them, be qualified, if incapacitated by age or infirmity, to receive Pensions equivalent to one-third of their average monthly salary after fifteen years' service, and to one-half after a service of twenty-two years or upwards."

2. The Director of Public Instruction has, in a letter of the 17th March last (copy of which is forwarded), pointed out how unequally the Rule in question operates on certain classes of the Educational servants, and has asked for a revision of the Pension Rules in favor of all Officers in the Educational Department, receiving salaries of Rupees 300 per mensem or upwards.

3. We think with Mr. Arbuthnot that the Rules to which he refers should be extended, but we would not confine their operation to servants drawing monthly Rupees 300 or upwards. We would make the application general.

4. We beg therefore to recommend that the following Rules be adopted in regard to all servants in the Educational Department:—

1st.—All servants in the Educational Department will be allowed to retire on Medical Certificate after fifteen years' service on one-third of their average monthly salary for the preceding five years.

2nd.—After twenty-two years' service they will be allowed to retire on Medical Certificate on half such average salary.

3rd.—After twenty-five years' service they will be considered as having a right to retire on half salary absolutely, and without furnishing Medical Certificate.

4th.—After thirty-five years' service they will be required to retire as a matter of course.

From W. GREY, Esq., Secretary to the Government of India, Home Department, to RIVERS THOMPSON, Esq., Junior Secretary to the Government of Bengal,—(No. 2135, dated the 28th October 1859.)

SIR,

I AM directed to reply to your letter No. 450, dated 29th September (but received only on the 13th October), with which you submit a Memorial from the Inspectors, Professors, Assistant Professors and other Officers of the Bengal Education Service, to the address of the Secretary of State for India, praying for a modification of the Pension Rules at present applicable to them.

2. The President in Council requests that the Hon'ble the Lieutenant-Governor will cause the Memorialists to be informed that the exact question raised by their Memorial has been already brought by the Madras Government under the consideration of the Secretary of State, who has in reply intimated a wish to be furnished with the opinion of the Government of India upon it.

3. The question is accordingly now engaging the attention of the Hon'ble the President in Council, in communication with the several Local Governments, and he proposes therefore to detain the Memorial now submitted, until he is in a position to report his views upon the question to the Home Government.

 proceedings and views of the late Off. Director
 of Public Instruction Esq. Lee in reference
 to final or third class students of the Law
 Department, who have been the representa-
 tion of cases of hardship which may seem
 to result from those orders.

I desire to represent two cases
 of (in my judgment) very great hardship, viz.
 Stephen Chandler Mather and
 Joseph Chandler Oscar.

These two lads were recom-
 mended by me as deserving of a certificate entitling
 them to the benefit of the loan granted by the
 judges of the Superior Judiciary Court to
 students who had passed through their college
 course with credit.

Unless you, as Principal,
 have objections to them on the ground of moral
 conduct, I am confident that they both well
 merit the certificate: but they have been
 rejected by the Honorables on the recommendation
 of Esq. Lee solely because Messrs. Theobald
 and Macpherson did not, in the Uni-
 versity examination assign to them 3000
 on the whole, I submit that the strictures

its conclusions where those conclusions contradict

I take the liberty of sending
original two sets of answers out of those given
by each of the two rejected candidates. These
answers are not alone conclusive proof but
furnish some means of judging of the
extent of the attainments, as their students of
I now recommend for indulgence under

FROM RIVERS THOMPSON, Esq.,

Junior Secretary to the Government of Bengal,

TO THE DIRECTOR OF PUBLIC INSTRUCTION.

Fort William, the 30th November 1859.

Education.

SIR,

I AM directed to acknowledge the receipt of your letter No. 2217, dated the 21st ultimo, and in reply to state that you correctly understand the meaning of the orders alluded to in paragraph 6 of your letter. There is no objection to a Certificate of regular attendance at a course of lectures; but what must be discontinued are College Examinations of students leaving College, and Certificates of having passed such Examinations.

2. If after correspondence with the Senate it had been found that the University Examination in Law could by no means be so regulated, as to fit the course of legal study which it is possible to give at the Presidency College, then there would have been sufficient reason for setting up a system of internal College Examination in this one Department. For the Examination of a student by his own teacher is better than no practicable Examination at all. But nothing of that sort could be inferred from the result of the University Examinations of a single year, and in reason there is no more ground for a College Examination intended practically to make it unnecessary to go up for an University Examination, in Law than in Arts.

3. The Lieutenant-Governor trusts that the plan of an intermediate Examination and Degree as Licentiate, which he is glad to learn is now under the consideration of the Senate, will remove all difficulties and will enable the Education Department to meet the reasonable claims of its Law students, without acting in a sense contrary to the University system.

4. The explanation given by you in paragraph 4 of your letter is considered by the Lieutenant-Governor to be perfectly satisfactory.

I have the honor to be,

SIR,

Your most obedient Servant,

Rivers Thompson
Junior Secretary to the Government of Bengal.

Honored Sir

I beg most respectfully to bring to your notice the circumstances under which I was deprived of the Scholarship Stipend during the last session 1858/59.

I was a student of the Government High School and had been successful in passing the Entrance examination in the last year session 1858/59 in the second division and as the R. prohibiting the boys of the second division to any allowance from Government. Then in full force I was obliged to join the Presidency College as a pay student which however I have continued to be ever since I entered it although the above ~~re~~ ^{was} intended to cease to operate about three months after I joined the college on my submitting an application through Mr. Woodroffe to Mr. Lees then offy in the place of Mr. W. Young. He had the goodness to send me the reply herina enclosed No. 1842 Dated 30th August which if I have understood aright does not negative my claim to the Scholarship Stipend but denies it only for the session being. I take this early opportunity therefore to request you to exert your kind influence in behalf of mine and effectually to put me in possession of my

 without the favor of yours any straitened
 circumstances and utter inability to pay the

It is worthy of remark, that not one of the
(of this class)
seven, who passed their first year in
examination in ecology are to be found
in this rejected list: the fault in
them is probably therefore rather
incapacity than inattention.

I beg (as I ^{have before done} ~~mentioned~~) to suggest the
expedient of publishing (in the Director's

Sir

I have the honor to report the
result of the examination, ^{held on the 3d Dec last,} of the students
of the Law Department remaining in college,
as follows: ✓ Of the first or Jurisprudence

class thirty ^{eight} ~~one~~ came up for examination.

Of these, twelve have given full and
decided proofs of attention & lectures
and of that capability for improvement
in practical science which it is my
intent to test in the first year of
study. Among ^{three} ~~four~~ others have given

expressed proof of attention and of some
the in most cases superior ability, but

Education.

SIR,

I AM directed by the Lieutenant-Governor to acknowledge the receipt of your letter No. 2518, dated the 8th instant, enclosing one from the Principal of the Presidency College, stating that, as he has received no information relative to the extended absence of Mr. Grapel, the Professor of English Literature at that College, whose leave on Medical Certificate expired on the 30th November last, he thinks the appointment should be declared vacant.

2. The Lieutenant-Governor desires that the acting arrangements, made for the performance of Mr. Grapel's duties, may be continued in force until further orders.

I have the honor to be,

Hinder School 30th Dec. 1857

J. Peter Friedrich
Principal

Sir,

In answer to your questions I have
to forward to you my report of the conduct of Paul
Enron, former school teacher of the Sixth class, since
he joined the institution.

He joined the school and received charge
of his class on the 1st of July last. His class was then
in a fair condition both as regards discipline and the
progress of the boys in their course of study.

He has considerable difficulty in maintaining
order in his class for some months after he took charge.

And some several times called on to enforce discipline.

I attributed this to his system of teaching and to

his want of knowledge of the character of the class.

of boys attending the Hinder School. The irregularity

in this respect was rather more than is

common after a new master takes charge.

I frequently complained of the boys as very troublesome

and said to me and made comparisons with

the boys of the other schools. I had been used

to the Hinder School before he came. They were certainly

in a fair state of discipline and progress.

than the average amount of trouble in their manage-
ment and latterly have considerably improved. He has
not much tact and appears wanting in quickness
being frequently at a loss to single out the individual
of the class who was guilty of any misdemeanour. He
generally contented himself with addressing his admonitions
to the class generally & thus was little helped by those
who particularly deserved his censure. He has not
much system in his mode of teaching. I found the
same fault in this as in his mode of maintaining
order. I assisted him as much as my time would
permit and latterly he has much improved both in
the management of the class and in imparting in-
struction. I always found him ready to receive
advice but he has hardly the natural activity and
sharpness of observation which is of so much con-
sequence to a successful instructor. He has little
idea of teaching otherwise than making the boys make
by memory & practice the text of the books prescribed.

He sent me a letter on the results of the
examination of his class which I found to give
and think deserving of some consideration.

Considering the circumstances in which he is
now placed and the difference of disposition of the
boys he has now to manage as well as his regular-
ity and assiduity and willingness to be guided, I
should recommend that he may be allowed to

on his class till the time ^{51A} arrives for him
to go up for a Teachership Examination so
that the results of that trial be allowed to
weigh in deciding on the propriety of his re-
turning his present appointment

Sir

With reference to the results of the
annual examination of our class at the close of the
present session, I beg most respectfully to request the
favor of your submitting the following account
to the intelligent consideration of the principal.

Allow me to state in the first place,
that I have been in charge of the class for only four months
part of which period was necessarily spent in
bringing the boys under discipline, which they are apt
to throw off at the accession of every teacher, and part of
which was also spent in the boys' vacation
I therefore cannot say that I have been able to testify
to whether I should not conscientiously be bound to the utmost
of my power to make the utmost of my time in imparting
instructions to the boys in the subjects assigned as the
standards for the session.

Unwilling as I am to shift blame
on any other shoulders, the materials of the class in which
I teach, did not appear to be of a very promising char-
acter in consequence of the frequent change of masters.
Still the results of the examination took

me not a little by surprise. In arithmetic particularly
questions which they were accustomed to work in the
class with facility and accuracy, they have failed
at the examination.

Permit me also to add that, I have
always afforded satisfaction to Capt. Lee and Mr.
J. H. Rogers of their blunders, as may be ascertained
by a reference to these gentlemen as well as to the
Annals & monthly reports of the examination
of my class.

It has however been a source of
regret to me, that the former had, to my misfortune,
should have been led to form an unfavorable
opinion of me. I trust your exertions may remove
it.

The Principal
of the Presidency College
Fort William
Jessore School 29th May 1857.

For William

Sir

Shave the honor between

Your most obedient Servt.

From

The Director of Public Instruction
to

J. Sutcliffe Esq. M.A.
Principal of the Training College
Fort William dated 19th April 1879

Sir

I have the honor to acknowledge the receipt of your letter No. 312 of the 16th instant in reply to sanction the Scholarship awarded to Charles Chinnam also being held in the Training College in the Training College, and to direct that, in consideration of the inconvenience occasioned by his vacillation, his Scholarship should for two months be forfeited.

I have the honor to be

Sir

Very most obed^t Servant

W. Fordy M.
Director of P. I. B. B.

in the examination

With me the thought of the practice, and I further deal than as it regards the only examinations held in the College to which the one lately held bears any analogy with the Law-
examinations.

These were part of a series of examinations of final students of Government Colleges, held by special examiners unconnected with the examiners, and their abolition, consequent on the establishment of the University, is announced in the Directors' letter to your address Aug 63 17th July 1857. I am not aware that these examinations have been revised either in form or in substance. I have lately held examinations of my own pupils 1st, 2^d, and 3^d Classes, respecting the 1st and 2^d were imperative (I am not sure) at all events useful and useful to determine the rank of the students in College as 1st, 2^d or 3^d grade men.

There have always in the history of holding whenever I felt disposed

From R. B. CHAPMAN, Esq., Under-Secretary to the Government of India, Home Department,
—(No. 1323, dated the 16th May 1859.)

CORP forwarded to the Government of Bengal for information, and for
communication to Mr. Montrion, Professor of Law in the Presidency College,
Calcutta.

*Extract from the Proceedings of the Government of India in the Financial Department, No.
3588, dated the 1st April 1859.*

Extract from a Despatch from the Right Hon'ble the Secretary of State for India, to the
Government of India, in the Financial Department, No. 13, dated the 16th
February 1859.

Para. 19. THE Court of Directors in a Financial Despatch dated the 6th April 1858, No.

*Latter dated 22nd October 1858,
No. 134.*

Forward papers relative to an appeal of
Mr. Montrion Professor of Law in the
Presidency College, Calcutta, against a re-
trenchment of Rupees 1,000 against him.

27, fixed the salary of the Professor of Law in the Presidency
College, Calcutta, at Rupees 500 a month with house rent
at Rupees 100 per month, from the date of Mr. Montrion's
appointment to that office. An allowance of Rupees 700
a month had however been previously issued to Mr. Montrion
with your sanction, and the excess amounting to Rupees 1,000 has been therefore retrenched.

20. It appears that Mr. Montrion "took the office with the perfectly understood condi-
tion that as to the salary it was subject to the orders of the Hon'ble Court," but as the
strong recommendation of the Lieutenant-Governor of Bengal that the retrenchment should
not be enforced is concurred in by your Government, I authorize you to remit the claim in
question.

ORDER.—Ordered, with reference to the Resolution recorded in this Department under
date the 29th October last, No. 6022, that a copy of the above paragraphs be forwarded to the
Home Department for information, and for communication to Mr. Montrion, Professor of Law
in the Presidency College, Calcutta.

Ordered, also, that a copy of the same paragraphs be sent to the Civil Auditor and Sub-
Treasurer, respectively, for information.

By Order of the Lieutenant-Governor of Bengal,

FORT WILLIAM,)

The 23rd May 1859.) *Offg. Junior Secretary to the Government of Bengal.*
