

Copy of a letter No.1431C dated the 5th December 1929  
from the Principal, Chittagong College, to the D.P.I. Bengal.

----

I have the honour to invite your attention to the Modern Review for December 1929 and to ask whether in your opinion it is desirable to spend Government funds in subscribing to this paper. There is scarcely an article in this number which is not calculated to influence racial feeling, and a most unscrupulous suppression of material points is used in certain articles. A very early answer is requested as the renewal of subscription for 1930 is due.
