

14th Novr.

33

My dear Bottomley,

Your D. O. No. 2068 of the 9th instant asking me to suggest names for the vacancies in the Midnapore College.

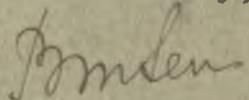

I have consulted the Senior Professors of Physics & Chemistry and can recommend Babu Purna Chandra Mukherji for the post in Physics and Babu Benoyendra Nath Sen for the post in Chemistry.

The former has been a student of this College for 6 years and has had a very distinguished career. He stood 1st in Physics (and 4th in the general list) in the I. Sc Examination, 1st in B. Sc Honours Physics in 1930 and 1st in the First Class in M. Sc Physics in 1932 with X.-ray as special subject. He has been engaged in research work in the Science College and has submitted a paper for publication.

Babu Benoyendra Nath Sen has had also a brilliant career, having stood 1st in the First Class in B.Sc Honours Chemistry and 2nd in the First Class in M.Sc in Physical Chemistry. He officiated for a short time as Demonstrator & Lecturer in this College. His application is enclosed herewith.

In my opinion both the gentlemen will give satisfaction in their respective posts if appointed.

Yours sincerely,

J. M. Bottomley, Esq.

D. P. I. Bengal.

D. O., No.

PRESIDENCY COLLEGE,  
CALCUTTA.

The ..... 13/11/1933

Dear Sir,

I can safely recommend  
Purna Chandra Muthurjee for  
the Midnapore vacancy. He  
is an old student of this  
College, and was always  
extremely well-behaved. His  
father is Mr. Tago Chandra  
Muthurjee, one of the Lecturers  
in Physics in the Science  
College. Purna stood 1<sup>st</sup> in  
Physics (and 4<sup>th</sup> in the combined  
list) in the B.Sc., 1<sup>st</sup> class 1<sup>st</sup>  
in B.Sc. Hon. Physics in 1930.

1st class 1st in  
M.Sc. Physics in 1932 with  
X-ray as his special object.  
During the last 2 years he  
has been engaged in research  
work in the Science College  
and has sent one paper for  
publication. He is willing to  
go to Mysore on Rs. 10/-  
a month.

Yours sincerely  
T. K. Balakrishna

Principal

I have much pleasure  
in nominating Mr. Beuogend  
Nath M.Sc. as Professor of Chemistry  
Midnapore College. As you are  
aware he possesses brilliant  
academic qualifications

First class first - B.Sc. Chemistry  
" " 2<sup>nd</sup> - M.Sc. " (Physics)

He was a great success as a  
Demonstrator <sup>lecturer</sup> in our College & posse<sup>s</sup>  
research qualifications. He  
will be an ideal Professor of Inor-  
ganic ( & Physical ) Chemistry.

He was getting Rs 150/- (less  
15%) here as Demonstrator & I  
shall be glad if the <sup>new</sup> College

D. O., No.

PRESIDENCY COLLEGE,  
CALCUTTA.

The ..... 19 ..

we give him Rs 125/- He shall  
be able to join at once.

P. Neogi

OFFICE OF  
THE DIRECTOR OF PUBLIC INSTRUCTION  
BENGAL

Calcutta THE November 9th 1933

My dear Sen,

You will have seen from the papers that three members of the staff of Midnapore College- Professors of Inorganic Chemistry, Physics and History have been extermned from the district. The Governing Body of the College have asked me if I can suggest suitable candidates for the vacancies. The pay proposed is Rs 100 per mensem though the Governing Body is prepared to go up to Rs 125/ for the Professor of Chemistry.

The Midnapore College is affiliated up to the Intermediate Art and B.S.C(Pass) standards.

I shall be grateful if you can suggest in consultation with your staff names of people who would be prepared to go to Midnapore as Professors of Chemistry and Physics on these terms.

Yours sincerely,

B. M. Sen, Esq., I.E.S.,

Principal, Presidency College, Calcutta.
