To

The Head Master,
Hindu School, Calcutta.

Sir,

Understanding from your advertisement in the "Statesman" that the post of an Assistant Master to teach Mathematics and Elementary Science has fallen vacant at your kind disposal, I beg to offer myself as a candidate for the same.

As regards my qualifications I beg to state that I completed the Msc. Course in Applied Physics in 1932 and still am undergoing further practical training in the Science College, Calcutta university. Further I beg to state that I worked as a Demonstrator of Physics in the Medical College, Calcutta, in a temporary vacancy.

I possess a very good ~~body~~ health and am of very active habit. True copies of the certificates given by Prof. P.N. Ghosh, D.Sc. and Prof. T. Kar, M.A., are attached herewith for your kind perusal.

I hope, considering my qualifications you will favour me with the post.

39/5 Ramtani Basu Lane,
Calcutta

18th April 1934

I have the honour to be,

Sir,

your most obedient servant

Benoy Kumar Chatterji

UNIVERSITY COLLEGE OF SCIENCE & TECHNOLOGY,
92, Upper Circular Road,
CALCUTTA.

UNIVERSITY OF CALCUTTA
ADVANCEMENT OF LEARNING.

Dated 22. 3. 34.

From

Prof. P. N. GHOSH, M.A., Ph.D., Sc.D.(Hon.) F. Inst. P.(Lon)
Sir Rashbehary Ghose Professor of Applied Physics

Mr. Benoy Kumar Chatterjee, who joined the Applied Physics class in 1930 has completed the full course of theoretical and practical training imparted by the University. He is still undergoing his further practical training in the department. He has completed his course of training in electrical machinery and appliances, electrical instrument and measurements wireless telegraphy and telephony as well as Illumination Technology at the University College of Science, while he had his training in mechanical engineering, drawing and workshop practice at Bengal Engineering College, Sibpore.

He is a youngman of industrious habits and amiable behaviour. I believe he is deserving of being entrusted with responsible duties.

Sd/- P. N. Ghosh.

— o —

Babu Benoy Kumar Chatterjee, B.Sc. has been serving in my laboratory as a demonstrator in a temporary vacancy. From what I have seen of him during this short time I am of opinion that he is a smart intelligent youngman, tidy in his work. I can recommend him for a similar work in any other place.

(Sd) T. Kar,
Prof. of Physics,
Medical college,
Calcutta

11th March, 1933.
