Dear sir,

Re: - Appointment of an Assistant-teacher.

With reference to your advertisement in the "Statesman", I beg most respectfully to offer myself as a candidate for the same.

As regards my qualifications, I beg to state that I passed the B.Sc. Examination of the Calcutta University in the year 1927 with Physics, Mathematics and Honours in Chemistry. I passed the I. Sc. Examination with Physics, Mathematics and Chemistry and I had Botany as an additional Subject. I secured 97% marks in the Matriculation Examination and in Mathematics and nearly 80% in the I. Sc. Examination. I was appointed as senior Mathematics teacher in a

High School in the Dist. of Burdwan and served there for nearly two years. But as I fell ~~in~~ victim to Malaria I had to give up the service. Now I am appointed as resident tutor to the boys of the famous Ghose family of Pathuriaghata, ~~off~~ Calcutta. I am a keen sportsman in every branches of sports and I am considered to a good player in Football, Hockey, Cricket and Tennis. I have won many medals and prizes in many competitions. I am a registered referee of the Calcutta referees' Association and supervise matches in League and ~~I. F. A.~~ other competitions of the I. F. A. I was a member of the C. U. T. Corps for two years and at present connected to many Sporting and literary Clubs in Calcutta. I am conversant ~~with~~ the works of a Library as I worked as an Hon'y Librarian in the Madanmohan Library, Calcutta, for several years.

Should you be kind enough to provide me with this job I can assure, you ~~if~~ will find me quite suitable for the purpose. I shall be highly obliged if you kindly take my trial and give me chance to serve you. I can furnish you with the best of references and credentials which I shall produce whenever you will kindly call for them. May I hope that you will kindly let me have an interview with you at an early date and oblige. I have the honour to be
your most ^{sir} obedient servant.
