The Junior Secretary to the
Government of BengalDated the 19th July 1887

Sir,

I have pleasure to acknowledge the
date of 15th June on the subject of the
disposal of the Scholarship stipends
as sent by the High School for the
purpose of a recommendation from the
Board to recommend as follows -

(1) That instead of two scholarships
of Rs 100 Rs each per annum in the
Dacca College a single scholarship
of Rs 200 Rs per annum be
allowed to be awarded to such student
as may be found best in the
field of study and does not
require a recommendation from the
Board. But a student who

of Rs. 100 a month tenable for two
years in any College affiliated to the
University be awarded to such proho-
medan student of the University in
Madras as passes highest in the
next Entrance Examination and does
not obtain a Government Junior
scholarship -

(Under the above scheme only
a second section of these scholarships
will take place after an interval of
two years - and a third section after
a further interval of two years - but
at the 3rd section the scholarship can
only be made tenable for one year,
unless the Commission should be willing
to extend the period for which the schol-
arship stipend is offered from 6 to
8 years.)

That a school stipend of a
fixed sum be granted for one year
in the Government school to any boy
who is the holder of a Government
scholarship.

Darjeeling, the 9th October 1884

With reference to letter N. 577
dated 22nd September forwarding for favorable
consideration a letter from the Secretary
of the Committee of Management of the
Calcutta Training School, which
states that the junior scholarship holders
from that school be allowed the
same privileges as regards fee pay-
ments as one of Government junior
scholars in the Presidency College.
I have the honor to state that
if the Committee will raise their
objection to this tender to the same
for consideration I am willing to
accept the proposal.

Condition that the scholarships
are awarded by this office and

Candidates from this school
who are fully qualified for Govern-
ment junior scholarships, under
the rules in force, but for whom
no Government scholarships are
available —

To J. Sutcliffe Esq. M.A.
Principal, Presidency College

Sir

I have the honor by direction
of the Committee of Management of the Calcutta
Training Academy to submit the following
proposition for your indulgent consideration

The Committee have established
four permanent Scholarships, as far as regards
these Scholarships are awarded for two years
certain to each of the students of the school
as stand next in order of merit to those who
obtain Government Scholarships on condition
that the holders thereof prosecute their studies
in some Government affiliated College -
but as the amounts of the Scholarships are
paid direct to the holders the Committee
have no means of ascertaining whether the
students concerned to have work on the following
during their career so as to deserve the
bounty - They therefore earnestly wish to pay
the Scholarships through the Principal to
whom they are to be made over to the holders
under the rules of the College and to obtain
from the principal of the College a list of the
holders of the four Scholarships above
alluded to, one of eight papers is to be

Dinnonath Chuckerbutty at the Presidency College and another of five Rupees by Rupee rank belows at the Medical College - the other two were disposed of at the beginning of the Session, but they have since remained vacant on account of the holders thereof having discontinued their studies -

The Scholarships held by Rupees 2000 at the Medical College will lapse at the close of the present Session of that Institution -

The Committee desire that these four Scholarships and any additional ones which it may be in their power to constitute hereafter should be attached to the Presidency College -

I am accordingly to solicit the favour of your conveying the privilege of Scholarships holders to each of the boys of the Calcutta Training Academy as are transferred from that institution to the Presidency College -

The amount of the Scholarships that may be awarded will be sent to the College authorities within the 15th of the month next to that for which it may be due - In order that you may have some idea of the Character of the Endowments on behalf of which the present representation is made I am desired to request that you will be pleased to honor us with a hand-

Visitation and interpose yourself after a
 personal inspection of its ^{work} whether
 the indulgence solicited will be well bestowed
 or otherwise - Apart from the consideration
 that the School will derive great advantage
 from the conception above solicited, a visit
 to it from a personage of your position will
 not only be a great encouragement to its
 promoters but be productive of highly
 beneficial results -

I have the honor

to acknowledge the receipt of your letter of the 14th inst.
 in relation to the proposed visitation of the School
 at the residence of the Rev. Mr. [unclear] at [unclear]

Rules for the Award of The Vermont Scholarship

The Vermont Scholarships are open annually to be competed for in the Vermont Scholarship Examination by candidates educated in the Vermont schools in the town of Caledonia.

The scholarships are tenable for four years at the Andover or the Western Vermont School.

With the sanction of the Trustees of the Vermont Division and of the Andover or the Western Vermont School a Vermont Scholarship may be held by either of the above institutions which may be selected by the holder.

Each scholarship holder is required to attend regularly at his school to make himself well, and to make a good citizen, otherwise he will be deprived of his scholarship.

Except under peculiar circumstances, no person under the age of 17 years at the time of presenting himself for the Examination.

of the amalgamated College. It is probable
that the strength of the staff of the Civil Engineer-
ing Department must remain numerically the
same as it is at present, or at any rate that it
will not be susceptible of reduction. The Govern-
ment may be made to invest the students of Civil
Engineering to enjoy the benefit of the first
lecture on some branch of the subject, and
Physical Science particularly, and
Chemistry.

2. It is suggested that a new building
it will be necessary that a new building
should be provided for the Civil Engineering
in as near the vicinity as possible to the Engineering
College and it is thought possible that a suitable
building may be found for the purpose & have
great distinction. The College expenses at least
not exceeding Rs 1000 a month which
can be managed as well as the existing
be effected as the Government has the
value of the building at Rs 10000. The
Civil Engineering in the new building at
least Rs 1000 a month. It is suggested
that the Government should be
responsible for the new building.

3. As regards the arrangements for the students in the Civil Engineering Department a draft Code of rules is herewith forwarded for sanction. These rules are in accordance with the system in operation in the Government of India, they have been seen by Colonel Scudell and he has expressed his approval of them.

4. In the 4th paragraph of Colonel Shashih's letter of the 12th April a suggestion is made that it might be advantageous to establish a College of studies for Civil Engineering in the Province of Bengal where as the officers responsible have not fully considered the point and are not in the opinion that a board of the kind would be of much service. It is suggested that the special arrangements which are made in the College for training persons in the works of the Works Department. The officers are not in a position to state that a separate college will be desirable in the Province, but the other persons concerned in the matter are not in a position to say that a separate college will be of service. The main object will be that for the purpose of the University for the Province.

Civil Engineering and therefore for all practical
purposes except in matters of detail, which naturally
and fall within the province of the officers of the
Education Department to decide the Faculty
of Engineering will in reality be a Board
of studies for the Engineering Department
of the Presidency College. It seems unnecessary
to superadd another Board which we
very obvious or important detail in the appointment.

Yours truly

 connection with the Presidency College in
 Calcutta.

Rules for the award of Vernacular
 Scholarships

1. Free Vernacular Scholarships are open
 annually to be competed for in the Free Ver-
 nacular Scholarships Examination by candidates
 admitted in the Vernacular Schools in the
 town of Calcutta.

2. These Scholarships are tenable for
 four years at the Union or the District
 Vernacular School.

2 With the sanction of the Inspectors of
Schools of the Central Division and of the Prin-
cipal of the Presidency College a Free Varma
scholarship may be held at either
of the above institutions which may be elected
by the Board.

4 Each scholar nominated is required
to attend regularly at his school to perfect
himself well, in order to make adequate progress
otherwise he will be deprived of his scholar-
ship.

5 No candidate is eligible for a
Free scholarship if he is engaged in any way
at the time of presenting himself at the
Examination.

 for proceedings in this it has been decided
 that the study of Sanskrit should be introduced
 into every school which is intended to prepare students
 for the necessary entrance examination in the
 University of the State of New York
 accordingly to report that you will make suitable
 arrangements for providing instruction in Sanskrit
 in the four upper classes of the school under
 your control. This program to be given the
 Sanskrit in substance the same as that of the University
 to be read in text books. What is aimed at is to
 secure a sound knowledge of the rudiments of
 the language and conversation for the purpose of
 Sanskrit procedure for which the students will be
 in the College. The students must be required
 to read these rudiments through the medium
 of the Sanskrit grammar and exercises given
 into Sanskrit and given through the medium

Education.

SIR,

IN reply to your letter No. 2030, dated the 4th ultimo, I am directed to inform you that the Lieutenant-Governor approves of the arrangement regarding the salary of Mr. Tawney, of the Presidency College, proposed by Mr. Sutcliffe, viz., that from the 10th December 1864 he should be considered an Extra Assistant Professor on Rupees 500 per mensem, debitable to surplus fees, by which arrangement his salary, during the time he officiated for Mr. Cowell, will be half his own salary (Rupees 250) in addition to half the salary of Mr. Cowell. The Lieutenant-Governor desires, however, that it may be understood that this appointment is strictly a temporary one to meet the difficulty that had arisen, and that for the future Mr. Tawney can only draw the allowance (Rupees 400) for acting for Mr. Cowell, to which he is entitled under the Rules, unless it is possible for you now to make some other arrangement in reference to the fact that under the Rules three-fourths of Mr. Stigant's salary became available in February, and that he ceases to draw a salary from his appointment after July next.

I have the honor to be,

SIR,

Your most obedient Servant,

S. C. BAYLEY,

Junior Secretary to the Government of Bengal.

I have been thinking much lately of the
 many things that have happened to me
 since I came to this country. I have
 experienced many hardships and
 difficulties, but I have also
 found many friends and
 comforters. I have been
 able to do much good
 and to help many
 people in need. I
 have been able to
 do much for the
 poor and the
 sick. I have been
 able to do much
 for the
 orphaned and
 the widowed.
 I have been able
 to do much for
 the
 aged and the
 infirm. I have
 been able to do
 much for the
 blind and the
