The Station Master Howrah
Dear Sir

I beg to state that I have to despatch from Howrah to Muddapore 17 tents, with all the material belonging to them for the use of the Engineering students of this college who were to survey in the neighbourhood of Muddapore. I should be much obliged if you would provide the necessary trucks for their conveyance on Saturday night. But if the weather continues rainy, I should like to send them off on Sunday night instead.

I am
Yours truly

To
SirThe Accountant General P. W. Department
Presidency College the 4th January 1879.

With reference to your N. 11938 enquiring what degrees granted by the Presidency College may be held to cover the special test for the Accounts Department, I have the honor to state that the subjects fixed for the B. A. and M. A. Degrees of the Calcutta University seem to me to be fully equivalent to those fixed for the preliminary examination for admission into the Public Works in the Superior accounts Branch; if oriental are to be considered as equivalent to European classics.

The Presidency College has no power to grant degrees. Its alumni receive their degrees from the university of Calcutta on passing the prescribed examination.

For details of subjects appointed for the B. A. and M. A. degrees of the Calcutta University, I beg to refer you to the University Calendar.

The degree of B. C. E. implies that the holder has passed the F. A. examination in addition to those required for his special branch. It is quite possible that you may consider the F. A. examination as difficult as that which you prescribe.

Presidency College the 21st Feb/79.

I have the honor to forward herewith a
letter from Mr. C. Grant requesting that he may be
allowed to retain the title of Professor of Drawing in
spite of the fact, that in the list of subordinate
graded officers recently issued, he has been designated

"Teacher of Drawing."

I find that since 1871 Mr Grant has been styled in the account of the Presidency College published in the calendar of the Calcutta University "Professor of Drawing" and should earnestly recommend that he may be allowed to retain this title. ~~It~~

The services rendered by Mr Grant to the Civil Engineering students of the Presidency College have been highly spoken of, and I have every reason to believe that his zeal is as ardent as it ever was.

I therefore beg to forward his petition for your most favourable consideration.

Sir I have the honor to forward in original a letter from
Rai Rajendo Lala Mitra Bahadoor D. recommending that a
student of the name of Subendro Nath Ray of the Suni Castle should
be admitted into the Hindu school.

I am unable to find in this office any record to guide
me on the point.

It appears from the admission book of the Hindu
school that while weavers, Bankers, Carpenters and Karpatis are
admitted to the Hindu school, no suni has yet been admitted
as such.

It occurs to me as possible that there may be
some record in your office which will enable you to decide the point.

There is a tradition that no Suroo contributed
to the foundation of the Hindu College, and that upon this fact
their exclusion is based.

The Assistant clerks of my office having applied to me for officiating allowance for acting for the Assistant Secretary during his three months privilege leave of absence from 1st July to 30th April inclusive, I have the honor to recommend as provided in acting allowance Code, that they may be allowed to draw the usual acting allowance of one-fifth of the pay of the appointment they respectively officiated in.

I was not aware of the existence of this rule when I recommended that privilege leave should be granted to the Assistant Secretary, and I therefore stated that the work of the office could be done without any extra expenditure to Government.

Now that the rule has been brought to my notice, I feel that the clerks would be subjected to exceptional hardship if they were excluded from the benefits of the rule.

I therefore beg to recommend that Balu Paruachandra Chakravarti 1st Ass^t Clerk be granted for acting for the Asst^y Secretary from 1st July to 30th April on Rs 125/- Rs 75, Balu Bissony 2nd Clerk for acting for the 1st Clerk on Rs 35/- Rs 21, Balu Suren Krishna Gupta 3rd Clerk for acting for the 2nd Clerk on Rs 30/- Rs 18, and Balu Mohendra Nath Chowdhari Sarkar for acting for

The Director of Public Instruction

Presidency College the 30th May 1879.

Sir

I have the honor to acknowledge receipt of your letter N^o 3158 dated 20th of May 1879 enclosing a copy of a publication issued under the title of "Hindu Philosophy by Dr. Ballantyne L.L. @ late Principal Benares (May Price Rs 6/-)"

The book in question consists of three essays by Dr. Ballantyne and of an edition of the Tarka Sangraha with a translation which is perfectly familiar to me, and which can be purchased in Calcutta for eight annas. I always imagined it to be the work of Dr. F. J. Edgewood Hall.

Respectfully

Professor Gough is of opinion that Dr. Ballantyne's views on the Vedānta are exploded, and his writings are particularly pernicious to Indian students.

We are both agree that the price of the book is six times what it ought to be, that it will not be a valuable addition to our college Libraries, and that it is utterly undeserving of the patronage of Govt. I may add, that it is full of misprints.

It is herewith returned.

Sir In reply to your letter No. $\frac{6}{318}$ dated the 18th Instant.

I have the honor to state that the difference of Rs 50/- in the accounts of the Hare School for February last, pointed out by you is owing I presume, to the salary of the Assistant Secretary Rs 50/- for February and March advanced in February being debited to the Presidency College instead of to the Hare School accounts.

The accompanying copy of Asst. Accountant General Mr. Fink's memo directing the transference of the Asst. Secretary's salary Rs 50/- a month from the Hare School to the Presidency College abstract is the authority on which my presumption is based.

With reference to the Budget Grant for the year 1879/80 I have the honor to observe that the Survey Grant of Rs 2000 recommended by me has been reduced to Rs 1000 of which sum I am afraid, will not be sufficient to meet the necessary items of expenditure for the Survey Season. I beg to submit herewith an abstract of the Survey account for the last five years, which shows that except during the last two years, the expenditure almost reached the maximum of the former grant of Rs 2000 and during the last two years even, it has far exceeded the present Grant. I would therefore request that Government may be moved to reconsider the question, and increase the Grant to Rs 2000.

application from Mr. Alexander Peter, Professor of
Chemistry in this College for the post of Professor of Chemistry
in the Medical College, Chemical Examiner and
Quinologist to the Government of Bengal.

It is well known by you that Mr. Peter has
been Professor of Chemistry in this College for more than six
years, during which time he has discharged his duty to
the satisfaction of every body.

I believe that Mr. Peter's duties will be
lightened by the removal of the Engineering Department
of this College to Sonmoh, and I think that with the
help of qualified Assistants, a man of Mr. Peter's
energy and devotion to science might efficiently

discharge the duties of both appointments.

With reference to your N^o 2871 dated 3rd Instant, forwarding for my opinion a copy of a letter from the Executive Engineer Cassye Division on the Subject of Mr. Merton's exemption from further Examination for the Grade of Sub Engineer, I have the to inform you that I have consulted Mr. Downing Senior Professor Civil Engineering Department and Examiner of Surveying and Engineering at the last Examination. He is of opinion that Mr. Merton is quite competent to hold a Sub Engineer's Certificate. I also agree in the opinion expressed by Mr. Downing.

A copy of Mr. Downing's note on the Subject is enclosed for your perusal. Mr. Downing in Para 2. of his note writes to say that the Mathematical Course for the Grade of Sub Engineer is too difficult and ought to be modified. accommodation of the Professor himself and the
Students.

Last year the tents were pitched up
at Salghur, but the place was found to be
inconvenient in several respects. The Professor
of the Department therefore wishes to change the site
this year, and proposes to pitch tents at a place half
way between Maddur and Salghur on the
road side. I beg accordingly to request that you
will allow the tents to be pitched at the above-
mentioned place proposed by the Professor.

No 1201
 To The off. Director of Public Instruction -
 D- 29th Sept 1879
 Sir In reply to your No 5659 dated the 16th Inst^l, requesting me
 to state whether any portions of the apparatus & chemicals
 at present in the Laboratory of the Campbell Medical
 School School are required for use in the Presidency
 College, I have the honor to state that Mr. Peter & myself
 have examined the apparatus in question and that
 we are both of opinion that it would form a very useful
 addition to the Chemical & Physical Science Laboratory
 of the Presidency College
 Mr Peter concurs with me in suggesting that as the

apparatus forms a fairly complete set, and is in very good order, it should be handed over in its entirety to the Presidency College and that whatever is not required to supplement and complete the apparatus of the two laboratories of this College would form the nucleus of a fairly complete set of apparatus for the Engineering College when it is recovered to the Bishop's College.

3. We also beg to suggest that the packing cases, Almiraks or Shelacs &c. should also be sent with the apparatus, if our suggestion be adopted.

4. I have the honor to reiterate the list as requested —

2. I have also the honor to point out that the request is for the year 1878-79, and hence as so far as I can judge ought to be paid for out of the funds of the Trust during the administration of the Accountant General, and I think it would be only proper if the Accountant General would favour me with a complete statement of the receipts from the Trust and the expenditure during his administration of the funds. No. 1278.

To

The Director of Public Instruction
Dated. Calcutta, the 27th November 1879.

Sir

In reply to your letter No. 6164 of 15th ultimo, I have the honor to forward the following statement respecting the workings of the Civil Engineering Department of the Presidency College.

2. The establishment at present consists of the following Officers.

1. Professor of Engineering on pay Rspees	1000/-
(graded in Education Department)	
1. " of Surveying	750/-
(graded)	
1. " of Mathematics	550/-
(graded)	
1. " of Drawing	400/-
(graded)	
1. Assistant Lecturer	130/-
(graded)	
1. Draughtsman	40/-
2. Workmen	
2. Searers	
9. Chainmen	

It must be observed that the salary of these Officers depends upon their position in the graded list, and is not attached to the posts they hold. The students also attend the lectures of the Professor of Chemistry in the General Department who in addition gives them instruction in the subjects of Heat, Mineralogy and Physical Geography.

3. The course of training extends over three years, and at the termination of each year an examination is held. The class examinations at the end of the 1st and 2nd year are so arranged as to coincide with the P. W. D. Exts for sub-oversers and oversers so that a student who passes the first annual examination is promoted to the 2nd year class, or if he prefers he quits the College receiving a sub-oversers certificate. Similarly a second year student passing the second year annual examination leaves with an oversers certificate or is promoted to the third year class. On the result of this examination two scholarships of 10/- Ten Rupees tenable for one year are awarded.

They are called Forbes scholarships as having been founded in memory of the late Major General Forbes. The examination for which the students enter at the end of the 3rd year is the University L.C.E. or B.C.E. examination. Five scholarships of fifty Rupees per annum, and renewable for two years are given to each of the five students who head the list of successful candidates. Holders of these certificates receive practical training for two years under an officer of the Public Works Department.

4. The details of the L.C.E. and B.C.E. examinations are fully given in the Calcutta University Calendar. A pamphlet (copy of which is enclosed) giving the subjects of examination for the P.W.D. Certificate furnishes complete information respecting the 1st and 2nd year annual examinations, and the examinations of the P.W. Department which are held twice a year. Specimens of the certificates granted on the result of these examinations are also enclosed. There is no special examination for Entrance. Any one who has passed the Calcutta University Entrance examination is eligible for admission to the department.

5. During the cold season the classes receive practical instructions in surveying and field-work in general. The first year students make surveys with chain only, and with chain and compass. They are also taught Levelling. The 2nd year students make a large survey by Triangulation and Traverse, filling in details with Plane Table. The 3rd year students execute all the field work necessary for constructing a line of communication such as a Railway or canal.

6. The fee for Entrance is ten Rupees and the monthly fee for tuition five Rupees.

7. There is as you are aware a scheme at present under the consideration of the Government of Bengal for the separation of the Civil Engineering Department from the Presidency College, and its establishment as a separate college in connection with Government workshops. This will no doubt involve considerable modifications in the present system, and I anticipate that it will be necessary to ask the University Authorities to make certain alterations in the regulations for the Licence & Degrees in Civil Engineering.

that as, with reference to your N^o 5659 of 16th
Sept last it was recommended that some
of the apparatus & chemicals in the Laboratory
of the Sealdah Medical School should be transferred
to this College, it was thought unnecessary
to submit any request this year.

N^o 1407

To The Director of Public Instruction Ben
Dated Calcutta the 2^e February 180
Sir I have the honor to acknowledge receipt of
your letter N^o 388 dated 24 January forwarding copy of a
letter N^o 218 dated 16 January from the off^e Principal to the
Sanskrit College.

I beg to state that in the 4th year class
of this College there are now 21 boys reading Sanscrit - out of a
total of 63, and in the 3^e year Class there are 29 boys
reading Sanscrit out of a total of 41.

I should propose to send Professor Nilmani
Mukerji to the Sanskrit College as he is the one named by
the Principal of that institution. I am unable to say
what would be the effect of the student of the Sanskrit
College reading a higher course than is usually read by
our students. I presume the Principal of the Sanskrit
College is satisfied that he can with the help of the
Professor that he proposes to take over, provide for the
education of the students whose transfer to his College
he has recommended.

In conclusion, I feel bound to state that from
representations made to me, I have been led to doubt
whether the proposed change will be acceptable to the
parents and guardians of the boys now studying at
Presidency College.

I have the honor &

Presidency College the 4th Feby/80.

Sir I have the honour to state that while the Engineering students were in camp at Midnapur, a native prostitute was caught coming out of a tent occupied by Byers, Le feuure and McQuire three students under instruction there.

It seems pretty clear that the moment the woman appeared, Byers left the tent. This is established by the evidence of a native student.

It must also be said in favour of Byers that he is a quite attentive & hardworking boy. The other two McQuire and Le feuure have not impressed their teachers so favourably. I hear that McQuire was expelled from St Xavier's College.

I enclose three statements from which it appears that Byers and Le feuure plead drunkenness as an excuse for their conduct.

I have informed all the three offenders that I shall exclude them from the College until the 1st of February 1881.

This seems to be a very lenient punishment

Sir

I have the honour in continuation of my previous letter No. 1410 dated 4th Feby to forward a letter marked A from Byers addressed to Mr. Soaming, a statement from

the same way marked B, and a draft in pencil of his previous statement marked C, known to be in McGinnis's handwriting.

It appears from these documents that McGinnis induced Byers to make a false statement in order to screen himself and Lafourne. I should recommend that the punishment inflicted on Byers be mitigated that is to say that he should be fined 20 Rs. instead of being restricted for a year as I suppose him to be innocent of any gross offence.

Sir

I have the honor to recommend that remuneration may be sanctioned to the ungraded masters of the Hare School on the scale herewith enclosed, out of surplus funds.

I regret very much that I am not able to make a similar recommendation in the case of the Hindustani School masters. I believe they are an equally deserving body of men, but there is no surplus which can be devoted to the purpose of remunerating them. This is partly due to the fact that the second master of the Hindustani School is in the second grade of the subordinate educational service, the corresponding master of the Hare School being in the 3rd grade.

I also recommend the temporary appointment of Babu Lal Behari Bhaduri as an extra master of the Hare School on a salary of Rs 70/- to be paid out of surplus revenues.

There are 93 boys in the 1st class of the Hare School, and seventy six in the 2nd class, and the work of looking over their exercises is very heavy.

I regret very much, ^{that} for reasons above indicated, I cannot make a similar recommendation in the case of the Hindustani School.

Dated 4th March/80

I have the honor, in continuation
of my letter No 1469 dated 3rd Instant, to submit a list
of Teachers of the Hindu School whom the Head Master
recommends rewards to be given from the surplus
funds of the Hone school. I doubt as to the feasibility
of the proposal, as the surplus funds
of one school cannot be appropriated for the
benefit of another, but the Head Master assumes
me that you have agreed to the proposal. I have
therefore recommended, if Government sanction is
that a reward of Rupees 280/- as detailed in the
list be sanctioned from the surplus funds
of the Hone school, and be distributed according
to the enclosed scale.

I also recommend that a
Bonus of Rupees 50/- fifty be sanctioned
to my Head Clerk Bala Boro Datta Lahiri
as he used to receive Rupees 25/- Twenty-five
from the Hone school, and his connection
with that institution is at least as close as
that of the Hindu School Master.

There are however no surplus funds at present available to meet the charge.

To The Asst. accountant Genl. Bengal
Dated 6th March 1879

The amount of this bill Rs 4-7-8 is not for the excess of the amount sanctioned in Govt. letter No 377 dated 17 May 1879 but for difference of exchange paid for a set of bills purchased from the Oriental Bank and Bank in London. The rate of Exchange when the drawings were received & the bill was made and presented for payment was 1-8 3/4 d. per Rupee but when the payment of the amount in excess of the sanctioned grant was made on the 11th February under orders of Govt. the rate of exchange fell down to 1-8 d. per Rupee. Hence the charge for exchange was more than it was when the first bill for Rs 238-11-7 was submitted for payment.

In view of these circumstances the undersigned requests that the bill for Rs 4-7-8 countersigned by the Director of Public Instruction may be passed.

J. Charles A. Savory
Principal Presidency College

No. 2

To
The Director of Public Instruction, Bengal.
Dated, Calcutta, the 3rd April 1880.
Sir

I have the honor to acknowledge receipt of your No. 1963, enclosing copy of letter No. 194 from the under secretary to the Government of Bengal. In para 3 of this letter it is stated that in 1878-79 the account of the Hare School showed an excess of charges over receipts amounting to Rupees 1674/-, and it is requested that under these circumstances it may be explained how any sum was available for gratuities to the teachers. These gratuities to the teachers were recommended in my letter No. 863 of the 27th of March 1879.

I now proceed to explain why they were recommended.

1. I have the honor to observe that it is quite clear that there was no deficit in the year 1845-46 from the statement of receipts and charges of the Hare School, in which it is shown that the cost of the railing round the Presidency College was defrayed from the surplus funds of the Hindu & Hare schools placed at credit of the Public Works Department in January 1845. In the year 1846-47 there was a clear surplus of Rupees 3062-4-10. In the year 1847-48 there was a surplus of Rupees 2425-5-10. In 1848-49 there appears to have been a deficit of Rupees 1674-5-10 produced by the quadrupled repairs of the Public Works Department having been charged against the surplus fees of this year only. I was not aware that such a heavy charge as this was expected to be met out of the receipts of one year only, but supposed that the receipts of 1846-47 and 1847-48 would also be taken into account. If this had been done, there would not have been a deficit of Rupees 1674/- but a surplus of Rupees 3813-4-10. It was under this impression that I recommended the usual additions to the salary of the ungraded teachers.

2. Under the same supposition, I recommended in my

my letter No. 1467 dated the 3rd of March 1880, and in my
 letter No. 1469 dated the 4th of the same month an addition of
 Rupees 8,90/- to the ungraded teachers of the Hindu
 & Hare Schools. This sum has not yet been distributed,
 as I do not know whether the Hare School is to be
 to have a surplus or a deficit. I have the honor
 with reference to para 4 of the Hindu Secretary Bishop's
 letter to solicit orders as to what to do with the money.

Sir I have the honor to acknowledge receipt of your
N^o 2454 dated the 13th of April 1880

I am doubtful whether the proposed alteration
will really be a convenience to our Colleges. It will as far
as I can see require every student to absent himself from
lectures one day in the month in order to pay his fees.

Many of our students bring with them brothers or other
relations who attend the Hindu and Moore Schools.

These will have to absent themselves also, or incur extra expense.

I do not quite understand whether these boys also are to pay their
fees into the Treasury. I believe our students will be severely
inconvenienced by the change.

It will not be a convenience to the Principal
or his office, as unless the Chellan is very particular in its
details, it will involve a continual reference to the books.
Besides, if the Principal imposes a fine after the fee is paid,
he will have to remit it to the Treasury in the same way
as he now remits the fees. If he imposes it before the fee
is paid, he will have to inform the Treasury. It seems
to me that the proposed change will multiply considerably
the correspondence of my office.

I think also that it will weather the hands of the
Principal in respect of discipline.

Half-yearly examinations held in February & August.

I presume that as the Civil Engineering Department of this College has been amalgamated with the Government Engineering College Howrah, and accordingly

The Professors of Engineering, who alone are competent to examine in Professional subjects have been withdrawn from this College; it is intended that these examinations should be conducted by the Principal of the Engineering College, and not, as in recent years, by myself.

In support of my view I beg to point out, that before the amalgamation of the C.E. College and the Presidency College in December/64, these examinations were conducted by the Principal of the former institution.

I have the honor to point out that a reward of Rupees 610/- was
sanctioned by you in your letter No. 1952 dated the 29th of March last.
and which amount was passed by the Accountant-General. Now the
letter of the Government of Bengal above referred to authorizes me to
spend Rupees 590/- and not Rupees 610/- on account of rewards to the
Teachers of the Hare School. This difference of Rupees 20/- is, I find
caused by the omission of the reward to the Gymnastic Master of

Sir In reply to your No. 2888 dated the 30th Ultimo, forwarding for report copy of a letter from the Assistant Accountant General on the subject of the transfer of Rupees 80/- Monthly from my contingent grant to the Government Engineering College at Howrah, I have the honor to inform you that before the separation of the Engineering Department from this College, the Pankhas in the General and Law Departments were pulled by the Khalasees attached to the Civil Engineering Department, and the Budget grant of Rupees 105/- for contingencies for the General Law, and Chemical Departments plus Rupees 96/- for the Engineering Department was found sufficient to meet all the extra expenditure of the College. Now the transfer of the Khalasees to the Engineering College Howrah, has burdened this College with a charge of Rupees 32/- a month for Pankha pullers this charge is rendered absolutely necessary by the large number of Classes (for the teaching of Latin, Honor Subjects &c) kept up in this College and the size of some of the Classes which require two Pankhas. Hence the transfer of Rupees 80/- Monthly from my contingent grant will be seriously felt, but if you would be kind enough to obtain for this College, an Extra allowance of Rupees 22/- for Pankha pullers for the hot weather i.e. from 15th March to 15th October, I should be able to make over Rupees 80/- to the Engineering College from my contingent allowance of Rupees 277-8- including Rupees 90/- for the Hindu and Mohammedan Schools, and Rupees 20/- for the winding of the Turret Clock) otherwise I would beg to suggest the transfer of Rupees 60/- Sixty Monthly to the Engineering College Howrah, leaving Rupees 107-8- for the contingent expenditure of the General Department (including, be it observed, the Chemical and Physical and the Law Department

Sir

In my letter No. 1470 dated the 4th March 1880, I recommended the appointment of an extra master in the Hindu School on a salary of Rupees 40/- under the impression that more boys would join the Hindu School. In your office letter No. 1555 dated the 12th March 1880, you informed me that you could not sanction an appointment on Rupees 40/- and ordered me to modify my recommendation.

I therefore in my letter No. 1487 dated the 17th of March recommended, that an appointment of Rupees 50/- should be sanctioned in the Hindu School, the costs to be met out of the surplus funds of the Hindu School.

To the post created in accordance with this recommendation Babu Tulsi Charan Pal was appointed. But I find that the strength of the Hindu School has not increased since the appointment.

The numbers are in March — 415

April — 413

May — 410

June — 400

July — 406

I therefore have now the honor to recommend that the ungraded mastership of Rupees 50/- in the Hindu School, which Babu Tulsi Charan Pal was appointed, be abolished, as it has not increased the end for which it was created. I have &c

Presidency College The 2nd September 1880

Sir,

I have the honour to represent that it is very desirable that a catalogue of the Presidency College Library should be printed. At present there are two written catalogues, one classified & the other alphabetical. It is impossible to lend any one either of these catalogues, or to send either of them to be bound. The library is, by permission of the Principal, used by other persons, besides the professors & students of the College, and I am occasionally asked to lend books to Govt officers, not connected with Education. It would be a great convenience to Professors, Students & other persons who are allowed the use of the library to have catalogues, to which they could refer. The students are especially eager for them.

It would be impossible for the Librarian to draw up a properly arranged Catalogue for Prep. without some assistance as his time is necessarily occupied with giving out books to persons who require them & in superintending students reading in the library.

I propose therefore that for this purpose Babu Surendranath Banerji be appointed asst^l to the Librarian for three months on a salary of Rs 30/- (thirty) a month. He has had experience, in such matters, having made a catalogue of the Bishop's College Library for the officiating Principal Mr. Oswell. In 3 months the Catalogue ought with such assistance to be completed.

I also beg that permission may be granted to me to have it printed at the Bengal Secretariat Press.

I think that we shall be able to sell a few copies of the Catalogue to Students & other persons.

I have the honour

Sir,

I have the honor to acknowledge receipt of your No 5594 forwarding a letter from the Principal of the Govt Eng^r College, Howrah.

With regard to the suggestion contained in that letter, I beg to remark that I could spare the services of the 1st clerk during the time that the College is closed for the winter vacation and a little longer.

I presume that he will have to accompany the Engineering Camp, as it would be rather a hardship for him to have to leave his home in Calcutta to live in Shibpur for three months without any increase of salary or extra allowance & it would be difficult for him to take up the thread of a correspondence with which he is unfamiliar.

I have the honor

to be Sir

Yours most obed^t serv^t

To The Director of Public Instruction, Bengal
 Calcutta of the 21st October 1880

Sir,

I have the honour to forward in original a letter from Mr H. W.
 Percival & a memo from the Acct^y Genl of Bengal shewing that
 the Acct^y Genl has refused to allow Mr Percival to draw deputation
 allowance in addition to his salary of Rs 250/- on the ground that
 his original appointment was merely temporary & that the salary
 thereto attached cannot be considered his substantive pay. He is therefore
 only permitted to draw 1/2 the mean pay of the 4th grade i.e. Rs 312-8-0
 In consideration of Mr Percival's services to the college which
 are admitted to be of a high order, I have the honour to recommend
 that he be appointed temporary in the 4th grade, in order that
 he may be entitled to the salary of Rs 500/-

Sir

With reference to your No. 5000 dated the 15th instant forwarding a letter from Mr. Secretary MacKenzie and enquiring whether the Gasometer, belonging to the Laboratory of the Campbell Medical School, will be of any use in this College, I have the honor to report that Mr. Pedler recommends that it be transferred to this College as it is much better than the one we have at present. Mr. Pedler proposes to connect the two gasometers together as neither of them is sufficiently large for collecting the amount of gas which we require for the two laboratories.

With refer^{ce} to Pundit Satya Sakti's proposal I have

apparently at the address given in the prospectus
