As directed by you, I beg to submit the following report on the Eden Hostel for June-August, 1930. We opened the hostel to boarders on the night of the 18th of July though admissions had been going on since the 23rd of June. In all, there have been 160 admissions up to date and in this abnormal year, this may be regarded as a good number. Of these, seven boarders left the hostel on transfer to some other college. Of these again, two cases have to be specially noted-

Bimalendu Dhar of the 4th year BA class was required to leave the college and the hostel on 15.7.30 because he excited the youths of the Presidency College to come away from their classes. Ramkrishna Ray, another 4th year BA student behaved very badly on a particular day towards the end of July when Bimalendu had come for a demonstration in the college and created a scene by lying down on the 2nd floor. He had to be removed and on that day Ramkrishna became very violent and rude to some Professors. He was rusticated by you up to the end of the session but later on the order of rustication was converted to one of transfer from the college. The tone in the hostel has been normal save in the case of four days ~~for~~ towards the third week of July when the boarders absented themselves from the college as a protest against the alleged police high-handedness. After the expiry of these four days,

however, the attendance from the hostel began to improve and in the course of a week it became quite normal, all students attending the college.

Every year before the Pujahs, we have ward social and hostel union celebrations but as in the case of the last year, the students shewing no interest in the matters, they have to be dropped. Discipline in the hostel during the period under review has been good.
